Two More Seek County Post

Wayne Hines, Homer Long Get Petitions

Two Republicans today took out nominating petitions for the Pickaway County Board of Elections seeking a County Commissioner post.

Wayne G. Hines, Route 1, Ashville, and Homer Long, Route 1, New Holland, are seeking the nomination. Hines is the incumbent seeking his second straight term.

The 43-year-old Hines is a native of Pickaway County and a 1934 graduate of Walnut Twp. High School. He has farmed since high school.

He is a past member of the Walnut Twp. Board of Education; a member and past master of Nebraska Grange; member of Pomona Grange.

PRESIDENT of the Central Ohio Ayrshire Assn.; member of Hedges Chapel Church; member of Hedges Chapel Board of Education, and financial secretary of the Hedges Chapel.

He and his wife, the former Irma Frazier, have three children.

Long, 53, is a native of Scioto County and attended Rush Twp. school there. He has farmed most of his life and has dealt in livestock.

He moved to his present home in Perry Twp. in 1942 after a spending 14 years farming in Madison County.

He was a member of the Stokes Twp. Board of Education, Madison County. Presently he is serving his fourth term as a Perry Twp. Trustee.

Long is a member of New Holland and Masonic bodies; the Aladdin Shrine, Columbus, and Shrine Clubs of Pickaway County and Washington, C. H.

THE WASHINGTON C. H. Elks Lodge member and his wife, Alma, are the parents of five boys and a girl. They are Mrs. Donald Adams, 148 Pleasant St.; Roger, a freshman at Ohio University;

David, manager of Dunlap's Atlanta mill company; Carl, employed at the local DuPont plant; William, a Fayette County farmer, and Charles, enrolled in Atlanta school.

Hines and Long join Clyde E. Michel, Route 1, Orient, an incumbent Democrat, in the Commissioner race.

Present Commissioner's salary is \$3,000. The new salary calls for \$3,200 for counties with populations between 25,001 to 30,000.

The county's population is expected to increase to between 30,001 to 35,000 in the 1960 census in which case the Commissioner's salary will increase to \$3,550.

500 Students Overcome at Choral Fete

STILLWATER, Okla. (AP) — Carbon monoxide fumes disrupted a huge choral festival and sent some 500 high school students to hospitals and first aid stations Monday night.

Many were ill with carbon monoxide poisoning. Others thought they were and had to be treated for hysteria. None was considered seriously ill. Doctors guessed about 200 had varying degrees of monoxide poisoning.

The youngsters were part of more than 5,400 Oklahoma high school singers from 109 schools taking part in the eighth annual Thanksgiving songfest at Oklahoma State University. Another 3,000 or so persons filled Gallagher Hall to hear the massed voices.

About 200 school and charter buses were parked around the fieldhouse. About halfway through the performance many drivers started the engines to warm the buses for the trip home.

Weldon Barnes, OSU public relations officer, said the fumes apparently were drawn into the fieldhouse by air intake fans.

Hardest hit were the soprano and alto sections in the balcony at the south end. Girls outnumbered boys at hospitals and aid stations about 10 to 1.

The program was halted just before the final number, the Hallelujah Chorus from Handel's "Messiah."

British See Delay In Summit Parley

LONDON (AP) — Diplomatic circles in London believe the date for the East-West summit conference is getting farther and farther away. But officials in Paris and Bonn say the meeting with Soviet Premier Nikita Khrushchev still is likely before June.

Diplomatic observers here cite the full schedule of engagements for the world's chief political leaders. They see signs that Communist China is trying to put the brakes on negotiations between the Soviet Union and the West.

There is speculation that the summit won't be reached until 1961, when a new American president will be in the White House.

But West German press chief Felix von Eckardt told newsmen Monday the prevailing opinion in Bonn is that the meeting will be held in April.

American and French diplomatic sources in Paris say the most logical date appears to fall some where between the last week in April and the end of May.

They agree that it can't be set before then. Khrushchev will visit France for two weeks beginning March 15. French President

Charles de Gaulle will be in Britain April 5-8. Following that, Western discussion of the Khrushchev visit plus time required for technical arrangements could take up another two weeks.

There also is a possibility that De Gaulle will visit America sometime in May, thus pushing a summit date back some more.

There is a feeling here that Khrushchev might lose any desire for a meeting if it fails to materialize by mid-June. Several leading British newspapers point out that by then the U.S. presidential election would not be far off, and Khrushchev possibly would prefer to talk with the new president rather than outgoing President Eisenhower.

These papers maintain there is little to support Prime Minister Harold Macmillan's continuing display of confidence that an early summit can be held. They say his hopes received a rude setback when Khrushchev failed publicly to oppose De Gaulle's call for a slower approach to top-level negotiations, and when he agreed to visit France in March rather than in February.

Area Churches Set Services For Thanksgiving Holiday

Special Thanksgiving Services will be held in surrounding communities tomorrow evening and Thursday morning.

A union Thanksgiving Eve Service for Derby, Five Points and Greenland Methodist Churches will be held at 7:30 p. m. tomorrow in the Greenland Church.

The Rev. G. Evans will deliver the sermon. All Stoutsville churches will be participating in the special service.

The Kingston Union Service will be held at 7:30 p. m. tomorrow in the Mt. Pleasant Methodist Church.

The Rev. Mr. Hammond, Church of Christ in Christian Union, will present the sermon. The Thanksgiving offering will go to the CROP.

5 Dangerous Carolina Felons Kill Work Foreman, Escape

JEFFERSON, N.C. (AP) — "I didn't know they had already killed a man...that he was in that truck out there."

"Oh, if I had known that..." Her eyes were welling with tears and her voice was trembling as Mrs. Edd Sheets described her brief, unswerving role in the escape of five dangerous felons from an Ashe County prison gang.

She was alone Monday morning with her sick, 6-year-old daughter at their home about 15 road-miles north of Jefferson in the rugged Blue Ridge Mountain country. The daughter was watching a children's television show.

"I had seen the convict truck go down the road. I never do rest until it's gone," said the 32-year-old mother of four daughters.

The truck carried 12 prisoners and three guards to the day's work assignment, a spot in the remote Cranberry Creek section. While en route, some of the prisoners cut a hole through the top of the wire cage.

When the vehicle stopped, five prisoners scrambled through the hole and onto guard William F. Handy as he dismounted. Handy was knocked down and disarmed. One prisoner shot work foreman Fields Absher, 55, near the heart. Guard Judd Jones exchanged fire with the felons, but one of them held a gun muzzle against Handy's head and ordered Jones to drop his weapons.

The seven prisoners who did not participate in the escape pleaded with the felons not to kill Handy, as Jones had surrendered.

The escapees donned the guards' caps and uniforms and ordered Jones and Handy into the truck cage. The other seven prisoners loaded the mortally wounded Absher, a grandfather, into the cage also.

"I saw the prison truck come back and it stopped out front,"

Cranberries Returned To Yankee GI Menu

TOKYO (AP) — Cranberries today went back on the Thanksgiving menu for all U.S. military personnel in Japan and Korea.

They were banned last week pending tests to determine if there had been contamination by a weed killer reportedly capable of producing cancer.

Prisons OK Cranberries

WASHINGTON (AP) — Roast turkey with cranberry sauce will be served Thursday to the 22,300 inmates of federal prisons.

Columbus Man Found Guilty

R. D. Starkey Faces Jail for Forgery

Reese Desmond Starkey, 47, Columbus, yesterday was found guilty by a Pickaway County Common Pleas Court petit jury of a forgery charge.

Starkey stood trial for a forgery charge brought against him by a special session of the April Grand Jury held August 24.

He was arrested by the County Sheriff's Department. First witness for the prosecution, handled by County Prosecutor Ray W. Davis, was Sheriff's Deputy Dwight Radcliff.

He testified of receiving a call from Forrest L. Easterday, 427 S. Pickaway St., concerning a check returned to Easterday because its writer had no account at the local bank.

THROUGH PICTURES supplied by the Bureau of Criminal Identification, London, Easterday recognized Starkey as the man who passed the bad check, according to Radcliff.

Starkey was apprehended in Franklin County and returned here for prosecution. Under cross-examination, Radcliff testified that there were holders on Starkey from Athens, Fairfield and Perry Counties for forgery.

Radcliff testified, over objections from Starkey's court-appointed attorney, Kenneth M. Robbins, 129 1/2 W. Main St., that the defendant has served a forgery sentence in the Ohio State Penitentiary, Columbus.

Dr. Walter F. Heine, 109 E. Mound St., identified Starkey as the man he had treated and given medicine. He said that Starkey had attempted to pass the check finally given Easterday, but that he refused to cash it.

Easterday identified Starkey as the man who gave him the bad check. Hugh Leggett Jr., handwriting expert with the BCI, testified that he compared specimens of Starkey's handwriting with the bad check's signature, C. C. Reinhardt.

Specimens of Starkey's handwriting were from letters he had written Sheriff Charles H. Radcliff and Common Pleas Judge William Ammer.

LEGGETT said that comparisons of handwriting found 10 points of similarity and in his opinion they were written by the same person. The state rested its case at this point.

Robbins then asked for a directed verdict for his client because the state had not established its case and that the state hadn't proved the forgery had taken place here.

Judge Ammer overruled the request. The defense placed no witnesses on the stand in defense of Starkey and rested its case.

The presiding jurist delivered a 25-minute charge to the jury, which took 20 minutes to bring in a guilty verdict.

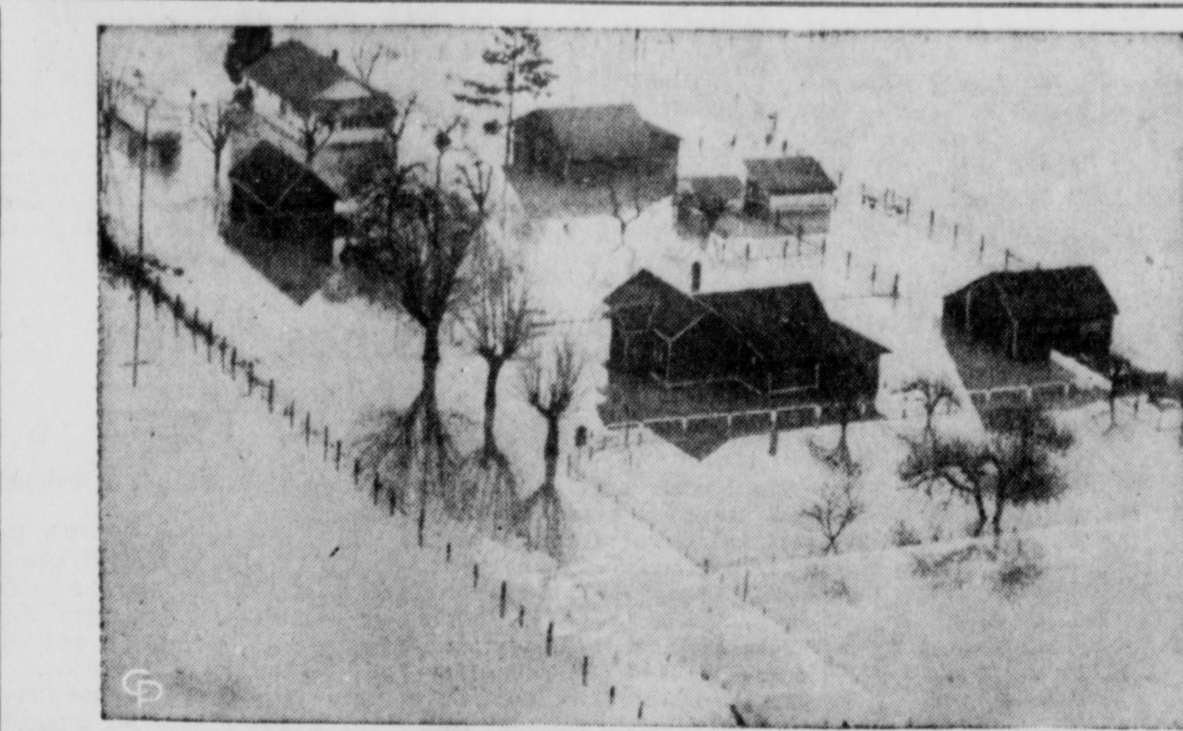

Starkey will be sentenced soon. He is liable for a one to 20 year sentence in the OSP. Robbins indicated he may appeal the case. Members of the jury were: Mrs. Wilson M. Wood, 117 Duna More Road; Kenneth Reid, Route 1, Williamsport; Clark Smith, Route 1, New Holland;

OSCAR FLACK, New Holland; Mrs. Marie E. McGhee, Route 2, Williamsport; Mrs. Richard Lee, 414 N. Pickaway St.; Mrs. Lois Morrison, Route 1, Williamsport; Carl J. Porter, 318 S. Pickaway St.; Carl Dumm, 129 Town St.; Charles McCray, Route 1, Ashville; Pearl D. Armstrong, Route 1, Laurelville, and Dale E. Strawser, Route 2.

Shortage Uncovered In Clinton Court

COLUMBUS, Ohio (AP) — State Auditor James A. Rhodes said today examiners uncovered a \$2,100 shortage in accounts of the Clinton County Probate Court.

Prosecutor George Schilling of Clinton County told Rhodes that Mrs. Helen Ray, a deputy of the court, admitted mishandling of the funds and made full restitution. Probate Judge Roland Cary was not involved in the shortage, Rhodes reported.

FLOODS AND WASHOUTS HIT WASHINGTON — This aerial view shows the flooded area around Auburn, Wash., south of Seattle, after the Green river went over its banks. Floods, slides and washouts forced hundreds of persons to flee their homes in western Washington.

Northwest Farms Plagued by Flood

SEATTLE (AP) — Rolling rivers in western Washington edged slowly downward during the night but a combination of rain and snow-melting temperatures in the mountains meant no immediate relief for hundreds flooded out of their valley homes.

Lowlands within a radius of about 50 miles were vast lakes, dotted by small hills where livestock huddled above the swirling waters. Thousands of acres of rich farmland were inundated and damage was expected to run into millions of dollars.

It was northwest Washington's worst flood in 26 years.

Hundreds of persons were rescued by helicopter, powerboats and amphibious craft from the Green River Valley, about 25 miles south of here, and from the Snohomish River area to the north.

Many left reluctantly—unwilling to abandon homes and livestock. Some refused to leave.

Pearl Westerlund, 59, said she didn't intend to leave her home near Kent.

"But then I stood on a chair to get away from the water, and men in a boat spotted me." "When they asked me if I didn't want to leave, I decided I did. That water was getting pretty deep."

Although only showers hit the valleys Monday, civil defense authorities reported heavy rains in the Stampede Pass area of the Cascades. The U.S. Weather Bureau said it lost communications with its Stampede station late in the day.

In Snoqualmie Pass, where a 300-foot section of the state's main east-west road was taken out by a slide, steady rain fell.

GI's Wife Still Battling Angry Bank

HOLYOKE, Mass. (AP) — A multimillion-dollar argument between the Hadley Falls Trust Co. and an Air Force wife is in impasse today.

She, Mrs. James Walsh, refuses to surrender a \$4,000,022.75 check unless the bank rehires the teller who somehow authored it on a check writing machine.

Mrs. Walsh had applied only for a modest \$22.75 check to pay an installment on a TV set. The check she got was four million dollars greater.

And unless the bank comes to her terms, Mrs. Walsh intends to frame the king-sized check as a decoration for the quarters she occupies with her flying sergeant husband.

Mrs. Walsh doesn't think the bank should have fired the teller, Miss Ann Helliwell, five-year bank employee, and neither does the sergeant.

Just now he is off on a flight to Goose Bay, Labrador, and so is the check, because, Mrs. Walsh said, "he felt I might give in to the bank and return it."

Miss Helliwell is reported under treatment for shock, but her telephone is kept busy with calls, some from businessmen offering her positions.

blocked by weekend slides on all passes, resumed today at curtailed rates. The state highway department said one-way traffic would be resumed on the Snoqualmie Pass highway Monday, but that rebuilding the four-lanes probably would not be attempted until spring.

Train traffic was rerouted via Portland, Ore. and Vancouver, Wash.

One woman was killed in a mountain pass accident before the highways were closed but no other fatalities were reported.

A triple trick of weather brought the wholesale flooding. Weeklong rains deluged western Washington. A chinook, the Western name for a strong, warm, variable wind, sent mountain pass temperatures into the mid-40s. Rapid snow runoff gushed into the rain-swollen streams and rivers.

Auto Strikes Utility Pole; Three Injured

A driver and two passengers were injured when a car crashed into a telephone pole and rolled over at 8 p. m. yesterday on Route 22 about five miles west of here.

The auto was driven by Jerry Parish, 19, of 710 Lincoln Drive. He suffered arm bruises and contusions and abrasions.

Passengers Margaret Wilkinson, 45, of 208 Lancaster Pike and Dale Wilkinson, 19, same address, received lacerations and abrasions. All the injured were treated at Berger Hospital.

PARISH told Deputy Sheriff Robert Hoover that he was traveling east and that another car passed and splashed water on his windshield.

Parish said he couldn't see the road. He said his auto crashed into the left ditch, struck a telephone pole and rolled over. Deputy Hoover said 100 feet of fence and 10 fence posts were damaged down in addition to the General Telephone Co. pole.

The deputy said the car was heavily damaged.

Ike Returns From Vacation

WASHINGTON (AP) — President Eisenhower is back in the White House today for 10 days of deck clearing in preparation for his 20,000-mile good will mission abroad.

Eisenhower, smiling and looking fit, flew back to the capital late Monday from Augusta, Ga., where he had spent a dozen days mixing work and golf.

About midnight Dec. 3 Eisenhower will be off again—on a flying tour to 11 countries in Europe, Asia and Africa. That trip will take 19 days, with a return to Washington scheduled Dec. 22.

Auto Output Due To Resume

General Motors Sets Dec. 7 for Startup

DETROIT (AP) — General Motors Corp., its automotive assembly lines shut since Nov. 11 by a steel shortage, will begin passenger car assembly again Dec. 7.

John F. Gordon, GM president, said assembly plants to start up 13 days hence are Cadillac at Detroit; Corvair at Willow Run, Mich.; and Chevrolet at Janesville, Wis., Norwood, Ohio, and Flint, Mich.

Enough components will be available to operate those plants four days during that week, the company said.

Gordon said all other GM car and truck divisions and the balance of Chevrolet will resume operations Dec. 14 on a five-day week basis.

Other GM divisions supplying parts and accessories also are recalling employees and the company said recalls will increase during the next two weeks.

GM has had as many as 220,000 of its 320,000 hourly rated employees idled as a result of the steel shortage. It had recalled approximately 17,000 by the end of last week and an additional 36,000 are expected to be returned to their jobs by the end of this week.

Steel shortages will idle another 10,000 at Chrysler plants by Wednesday night bringing to 23,430 the total number of Chrysler workers laid off by shortages.

Chrysler said car production at its suburban Hamtramck plant would stop after today's operations. Assembly plants at Los Angeles and Newark, Del., will close Wednesday.

Ford, which makes about half its steel, is operating full weeks again after a few curtailed work weeks. American Motors and Studebaker-Packard has not been affected thus far by the steel shortage.

U.S. To Needle Steel Negotiation

WASHINGTON (AP) — The government is moving back into the steel labor negotiations in an effort to head off a new stoppage.

Joseph F. Finnegan, chief of the Federal Mediation and Conciliation Service, announced Monday night that his staff will confer Wednesday with the three-member fact-finding panel set up by President Eisenhower to deal with the walkout that shut the industry for 116 days.

Later in the day a meeting will be held with Secretary of Labor James P. Mitchell.

Finnegan would not give any details, but it is taken for granted the sessions signal efforts to get serious negotiations going again soon after Thanksgiving.

John Jacob Astor III Settles for \$240,000

POUGHKEEPSIE, N.Y. (AP) — John Jacob Astor III has settled his suit for a share of his half-brother's estimated \$120 million estate by accepting \$240,000 tax free out of court.

Astor had charged that improper influences had been brought against his half-brother, Vincent, who died in New York City last February and left John Jacob out of his will.

At Least 7 Die In Mishap near Chicago Airport

Disabled Cargo Ship Plunges 3 Blocks Short of Runway

CHICAGO (AP) — A cargo plane, returning to Midway Airport due to a fire warning, plowed into a house in rainy darkness just before dawn today and sprayed a sleeping neighborhood with fiery death.

Killed were the crew of three aboard the Trans World Airlines Constellation and at least four residents of homes drenched with flaming airplane fuel.

at least 11 persons were taken to hospitals for treatment of injuries. Four persons were reported missing, but officials were unable to say whether they were included among the unidentified bodies.

The plane, from New York and Philadelphia, crashed three blocks from the southeast corner of the nation's busiest airport, a square network of runways and terminal buildings on Chicago's Southwest Side.

TWA in New York said the plane had landed in Chicago, discharged cargo and taken off again when a fire warning flashed on the instrument panel. The pilot began circling to land again when the crash occurred, TWA said.

In a flash a string of houses and apartment buildings near 634d St. and Cicero Ave. burst into flame. Firemen said 10 dwellings were set afire, some from the plane fuel, others from flames from those sprayed with gas.

The three dead crew members were identified by TWA as C. W. Helwig, pilot; D. E. Waters, copilot, and A. L. Auge, flight engineer all based at Los Angeles.

The 116-foot-long four-engine Constellation was running behind schedule and was due in Chicago at 1:50 a.m. It left New York with a 6,576-pound cargo including an aircraft engine and other freight, 99 pounds of mail, and 106 pounds of express.

John Ascher, chief of Chicago detectives, said there were four residents of dwellings killed in addition to the three airline employees.

The bodies of a man about 40 and a woman about 35 were brought to the morgue but were not identified immediately.

Robert Quinn, fire commissioner, said the body of the pilot was found still strapped to his cabin seat 50 feet away from a building at 635 S. Kilpatrick Ave. The copilot's body was recovered from the building.

Quinn said two other bodies were taken from the apartment building at 465 1/2 W. 64th St. "It seemed like the end of the world," residents of the neighborhood said.

"They come over the house all the time, but somehow this one sounded different." That is how Mr. Ann Gerhas, trembling and ashen-faced, described the crash.

Mrs. Gerhas, whose home was the first struck by the aircraft, continued:

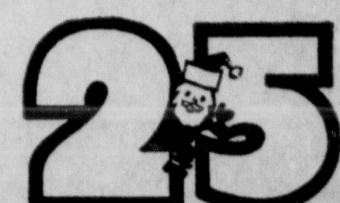

"Suddenly, the entire house shook. And I could hear glass flying everywhere."

The plane tore a bite-sized chunk out of the steep gable-type roof of the Gerhas home, a two-story brick structure three blocks from the airport.

Mrs. Gerhas said the plane stayed in the attic and broke windows all over the house.

The plane peeled off part of the roof of a house across the street and all of the roof of an adjoining house. Then it ripped away the facade of a two-story apartment

Here's Detailed Primer on Payola

HOLLYWOOD (AP) — The payola primer —

Q. What is payola?

A. It is what the House subcommittee on Legislative Oversight is going to look into, now that it has done a job on the TV industry.

Q. Yes, I know, but what is payola?

A. It is a payment by record and song promoters to powerful parties, especially disc jockeys, to get songs and records before the public.

Q. Is it something new?

A. No, it has been going on since the beginning of Tin Pan Alley.

Q. Then why all the fuss about it now?

A. Because some people feel the payola has been employed to inflict poor music on the record-buying public, principally teenagers. Some believe gangster elements are involved.

Q. Is the payola illegal?

A. Possibly. Some say it constitutes a bribe of responsible individuals.

Q. Is payola immoral?

A. Most, probably, would think so. Some disc jockeys purport to be reflecting public tastes, while in reality they are playing records they are bribed to play. And they are using air that belongs to the public.

Q. How does payola work?

A. A record promoter pays a jockey a sum of money for repeated plays of a special record. Or else the jock may receive a regular sum, say \$100 or \$150 a

week for pushing the promoter's product.

Q. Can this get to be big business?

A. You bet. Some jocks are unabashed to admit they draw \$50,000 a year under the table. The rewards are even greater for a big time operator. He can demand to have the records he plugs pressed through his own companies, the songs published by his own firms and even take a percentage of the singer's income.

Q. Can hit records be created by the payola?

A. In the rock 'n' roll field, yes. Rocking records with no artistic value have been payola-ed to million sellers, merely by constant play. If teenagers hear the record often enough, they'll buy it.

Q. Can the payola create stars?

A. Absolutely. No-talent youngsters have been shoved to fame by the use of payola on their records. The publicity outlets cooperate, either because of a similar payola or their eagerness to cater to what they think is teen-age taste.

No Change Is Found In Hamilton Election

HAMILTON, Ohio (AP)—A team of 20 clerks and two accountants went through a 14-hour recount Monday of the city's proportional representation ballots for City Council, but the results were unchanged. Robert E. Westfall, last candidate eliminated in the original count, had posted \$860, or \$10 per precinct, for the recount.

Farm Census Half Complete Leader Says

The 1959 Census of Agriculture is about 50 percent completed in this area, it was announced today by Field Director Hobert A. Yerkey of the Census Bureau's regional office at Cincinnati.

The Census official stated that he is well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next 10 days.

He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaire promptly will be a vital factor in keeping down final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

Bidinger Appeals Decision On \$190,000 Garbage Suit

George Bidinger Friday appealed a Pickaway County Common Pleas decision in his \$190,000 damage suit against Circleville with the 4th District Court of Appeals.

The appeal was filed in the County Clerk of Courts office by Bidinger's attorneys, Harry Margulis, Ashville, and Robert L. Culbertson, Akron.

Earlier this year Common Pleas Judge William Ammer upheld a city demurrer which stated Bidinger's petition did not state a cause of action.

Final judgment was rendered November 12 in the case after Bidinger failed to file an amended petition in the time allotted by the court.

CIRCLEVILLE was represented by Solicitor Robert H. Huffer and Emmitt Crist.

Bidinger's suit contended that

city officials committed acts detrimental to his city garbage hauling operation and refused to enforce an ordinance preventing individual haulers from carrying trash and garbage in direct violation of the garbage ordinance.

Bidinger further contended that city officials committed acts detrimental to enforcing the city's contract. His suit stated this forced him out of business, causing punitive and actual damages in the amount of \$190,000.

Farmers Take Reins Again

From a small beginning the American Farm Bureau Federation is planning to put farm marketing more in the area of free enterprise and less in the hands of the government. After long years of contemplation by leaders, this is probable to be the future of agricultural economics.

The Farm Bureau is setting up a marketing and bargaining agency to service local and area farm cooperatives which sell fruits and vegetables to processors. This agency will contract the sale of crops without going through open markets. The objective is to eliminate some middle men. Crops would be tailored to the needs of the buyer.

After fruits and vegetables, it is expected that the system will be applied to poultry, livestock and other crops now sold in bulk through open markets. Monopoly through nation-wide cornering of the supply is not contemplated. The purpose is to strengthen the hands of local and area farm bargaining groups.

Wheat is not mentioned in this program. But Kansas, Nebraska, Colorado, Washington, Idaho and Oregon wheat growers are now voluntarily paying levies of a half cent per bushel to promote that cer-

cal. In September the wool growers overwhelmingly voted a levy on themselves to raise money for private exploitation of wool.

This may not be revolutionary. The farm cooperative movement has been in existence for a long time for one purpose or another. But the fact that farmers have now plumbed government dominance of production and marketing to the depths without satisfactory results suggests that an evolutionary process is under way.

It will take agriculture more and more into control of its own operations. That it will be effective, in view of the impact of growing population on production, can scarcely be doubted. The only doubt is whether the farmers will have the patience to wait for end results which necessarily will be some years away.

Summit Delay May Be Good

Premier Khrushchev's visit to France next March effectively wet blankets moves for a quick conference among the heads of government of the United States, the Soviet Union, Britain and France. The summit meeting is delayed until spring at least, and perhaps later.

President Eisenhower plans his visit to Russia in June American diplomatic strategists may desire the summit after the President has sampled the mood of the Soviet leaders and the Russian people.

That this is not exactly a loss is suggested by several factors. Moscow will not step up international pressures if it really

wants a summit meeting. And the delay will give the West time to appraise how much Moscow is committed to Red China's cussedness. If Moscow continues to encourage Peiping as the outlet for evil designs, there can be no gain.

President Charles de Gaulle speculates that Moscow may be under pressure at home to be less adamant, that the satellites are still incipient rebels and that Moscow fears Red China.

It will do no harm to let the Kremlin stew in these assumed troubles before getting down to business at the summit.

He Prefers Cash to Credit

By Hal Boyle

NEW YORK (AP) — Samuel J. Michelson is a man content to take the cash and let the credit go.

At 52 he is recognized as the Henry Ford of one of word-happy America's most flourishing but least known industries—professional ghost writing. He put the business on an assembly line.

"We don't worry about the anonymity so long as the pay is good—and it usually is," said Michelson. He is small, blue-eyed, friendly, eager-faced. He looks a little like Mickey Mouse, and a lot like Adlai Stevenson.

He began setting type in a country weekly at 13. After college he free-lanced for a time, then decided he could make more money writing under other people's names.

His success as a literary haunt

has been both spectral and spectacular. In the last 25 years he has written or revised more than 20 million words.

"I've turned out everything from first-person adventure stuff to romantic novels, political speeches and scientific treatises," he said. "There's no subject or assignment ever stumped us, although when it comes to the field of electronics, I'm dead there myself."

For such specialized topics he draws upon a regular staff of three ghostly aides and a spook stable of 200 part-time workers.

"Among them are engineers, scientists and educators who want an outside source of income," he said. "There's no shortage of writing talent."

Who seeks the services of a ghost writer today? Practically everybody. His clients have in-

cluded explorers major corporations, publishing houses, suburban housewives for help on a club talk, sports figures, surgeons, prime ministers of foreign countries, statesmen and judges, and aging actresses who hope a well-written autobiography will lead to a comeback.

Michelson defends ghost writing as a legitimate profession, and one of the oldest in civilized history.

Ghost writing has become an intensely competitive business, and centers in New York, Hollywood and Washington, D.C. Michelson estimates there are 20 such services in this city alone.

"The biggest trouble with ghost writing," he confessed, "is in getting letters of recommendation from satisfied clients."

World Police Force Fallacy

By George Sokolsky

H. Lansing Carey of Oyster Bay, N. Y., writes me:

"Mr. Adlai E. Stevenson reported that Mr. Khrushchev had told him that he would be willing to discuss the establishment of an International Police Force after all nations had disarmed."

"However, even if he changes his mind and would not deposit at least part of his weapons with the Police, he could not vote in the organization—nor would his people forgive him for not contributing towards Peace, where all the world's atomic arms would be staked against him if he fired one nuclear weapon."

First of all, why establish an International Police Force after all nations had disarmed? Why after and not before? Why not establish an International Police Force today? Why not have such a force to inspect what is being done?

The answer to that is quite simple. It can best be answered by some questions. Who would control the International Police Force? To which nation would it give a world monopoly of military force?

Is it not correct if the force of the state were transferred to an international body, the power and authority of the state would ipso facto be transferred to that body?

If the United States sought to defend itself against invasion by Cuba, would such an International Police Force assist the United States or would Soviet Russia oppose such assistance?

Or if the Azerbaijan chose to free itself from both Russia and Iran, establishing a new state,

would the International Police Force intercede on behalf of the status quo, thus making it impossible for new governments to come into existence?

Mr. Carey himself is not sure of his pacifistic grounds because he speculates on what would happen if Khrushchev doublecrossed the rest of the world by withholding some of his arms. This is more than a speculation. Modern arms are not bows and arrows or even tanks or airplanes. They are the products of chemists, physicists, geophysicists and astrophysicists.

They are being built on computers in university laboratories. Undoubtedly the basic weapon of our times is E equals MC-2. Out of this idea and out of Max Planck's Quantum Theory, the foundation was laid for the principal modern weapons, the unorthodox weapons in the development of which the United States and Soviet Russia are competing.

How are the brains of men and women to be policed? Is the United Nations to control the minds of men and decide what the developments in chemistry and physics are to be? Out of the wholly justified fear of war are coming many ideas of despair and hopelessness. Perhaps we shall all be Beatniks.

H. Lansing Carey's theory that the Russian people would not "forgive" Khrushchev for not contributing to peace, is one of those Americanisms which causes other nations to regard us with amazement. Who "forgives" a dictator? If anyone in Russia or in the satellite nations is displeased with Khrushchev's management, the most that can be

done is to wait until Khrushchev dies or is killed and then he can be denounced as Khrushchev denounced his former master, Stalin.

To "forgive" requires the power or the right to forgive. The peoples of Russia and the satellites possess neither the right nor the power to forgive. Their but to do or die. Until we understand that simple equation, we understand nothing.

This may go down in American history as the era of cowardice. Peace, it is true, is more satisfactory than war, but slavery is worse than war which can, at most, mean death. Slavery is a living death. A conquered people can be an enslaved people, and only cowards are ever conquered.

One need only look at the marvelous and courageous recoveries of West Germany and France. No country exhibited a more chronic degradation than France did between Clemenceau and de Gaulle. That represents a long span of time during which France rejects umbrage and in partnership with West Germany is challenging both the United States and Soviet Russia in the growing strength of the Six Nations Common Market, which could become political as it is economic.

To say, as Carey does, that "Most all U. S. Senators, and foreign statesmen, feel the need of an International Police Force . . ." is to say more than can be established as a fact.

Try and Stop Me

By BENNETT CERF

OLD CHIEF SMOOCHUM was known as the best transmitter of smoke signals west of the Colorado and he might have been even better if his squaw hadn't insisted on continually advising and criticizing him. One day, for instance, he sent up a particularly large puff of smoke. His squaw, wielding a tomahawk, grunted, "STOP YELLING!"

Following Jimmy Durante's first trip to Europe, a hostess cornered him and simpered, "Didn't you simply adore Paris?" "I sure did," nodded Durante. "I wish now I could'a seen it before the war." "Ah," nodded the hostess. "You mean when Paris was really Paris." "No, ma'am," corrected Jimmy. "I mean when Durante was really Durante!"

How To Treat Home Patient

By Herman N. Bundesen M.D.

Although a large number of our hospitals are pretty crowded these days, the majority of ill persons are being cared for at home.

Unfortunately, many homes are not convenient places to care efficiently for someone who is ill. Moreover, the average homemaker, no matter how much she may love the patient, can't provide the same kind of scientific care that a trained nurse has been taught to give.

A nurse usually is more help to the physician, too, because she can keep up-to-minute records of the patient's progress and activities that mean so much to the doctor.

1. The patient's temperature — morning, noon and evening.

2. Amount of sleep and its quality.

3. The amount of urine passed in each 25 hours.

4. The number and kind of bowel movements.

5. The amount and kind of food eaten.

6. The amount of liquids taken, including all water, milk, tea, coffee, fruit juices, etc.

7. Attitude of the patient. Make note of when he feels irritable, fearful, happy and any display of emotions.

8. Note also any complaints the patient may have about aches and pains.

Take orders only from the attending physician. Well-meaning friends may pass out advice by the hatful. As a rule, it's best to ignore it.

Delayed Action Brings Injury to Motorist

TOLEDO, Ohio (AP)—His car went out of control today and 22-year-old David Morningstar was bounced out apparently unhurt, as it jolted over a curb.

But the car went on to hit a utility pole, the impact knocking off a street light globe which dropped squarely on his head.

Morningstar was admitted to St. Vincent's Hospital with a possible skull fracture. He was cited for reckless driving.

The World Today

By James Marlow

WASHINGTON (AP) — What happens when the Soviet Union really gets rolling? Premier Nikita Khrushchev talks blithely of peaceful, economic competition. It sounds almost jolly and sporting. It could be deadly.

It's a long-range thing and the kind easy to lose sight of in the more immediate problem of trying to work out a way of getting along with the Soviet Union to cut down on armaments and avoid the possibility of war.

Yet the question of competing with the Communist world may become the greatest challenge the United States has ever faced.

It's a question brought to mind now by the direction the Eisenhower administration is taking in giving loans to needy nations. It's been called "Buy American."

It means that if backward countries need American money to buy things, then they should spend it in this country. If they want money to buy things elsewhere, then let them get the loans elsewhere.

Recently the administration nudged its West European allies to do more on their own in lending money to needy peoples overseas.

seas. There was a time, during the 1940s, when they were too broke to do that. We did it. Now they can do some of it.

The reason behind the "Buy American" idea—without getting into the complex economics of it—goes like this: This country is still selling more abroad than it is buying abroad. But the gap is getting narrow.

And American money is flowing overseas in other ways, too. For instance, in American investments overseas, in money spent on American troops and bases, and so on. The result is that this country is sending out a lot more than it is getting back.

Yet, this whole idea of "Buy American" is being heatedly debated and challenged. The argument will get worse when Congress returns.

Still, far in the background like a ghost, is that challenge of Khrushchev to the United States to eliminate military competition and compete with the Communist world economically.

Right now there is not much danger to this country from such competition. The Soviets still are not abreast of us industrially and, because they want big armaments, they are still far behind us in producing consumer goods for their own people.

They will overcome that in time.

So will the rest of the Communist world. And, since their living costs and pay scales are much lower than here, the things they eventually will make for the world markets should cost less than American goods.

You can be sure the Communists will use trade for a double purpose: to make money and to influence other peoples in their direction.

If relations between this country and the Communist bloc remain peaceful, then the day is also coming when they will probably try to compete with American goods in America.

Some day the United States almost certainly will have to face this kind of competition, particularly since the state-owned means of production under communism can take a loss on one item it wants to sell and make it up elsewhere.

Under the American free-enterprise system, the government as we know it can't do that unless it subsidizes an industry in order to help it sell below cost.

This problem isn't immediate. But it lies ahead. The United States and the rest of the free world will have to find a way to solve it. This is long-range, to be sure. But it seems to be a problem which must be faced inevitably.

Top Red Polish Aide Asks Asylum in U.S.

WASHINGTON (AP) — Col. Pawel Monat, one of Communist Poland's top intelligence officials, has asked for asylum in the United States.

The State Department reported today that Monat has arrived in his country with his family.

The application for permission to stay is "being processed in the usual manner," a State Department spokesman said.

Press officer Lincoln White, at a news conference, refused to shed any additional light on the case except to say Monat defected "some months" ago.

Care of Hair
Heard by Jackson
Home-Ec Girls

How do I set a pin curl? How should I wear my hair? How can I avoid split ends? These and many questions were asked by pupils of Jackson Twp. Home Economics classes, 7-12, Thursday morning in the school auditorium.

The occasion was a demonstration on hair care, styling and many other phases of good grooming by Gracille Kuhn and Ruth Quincel of the Carousel of Beauty Salon, 448 Stella Ave.

While demonstrating cutting, thinning, styling and setting of hair, Mrs. Kuhn and Mrs. Quincel answered and advised each of the 60 girls present on a way to wear their hair.

Janie Skaggs, Route 3, was the winner of a free permanent and Patsy Cornwell, Route 2, was the winner of a free shampoo and set.

Following this demonstration, the girls will work on their hair and discuss various phases of care in their home economics classes.

OES Members
Take a Trip

Those participating were Mrs. Winifred Dumm, Mrs. George H. Armstrong, Mrs. George Bowers, Mrs. Robert Bowers, Mrs. Edd Fetherolf, Mrs. Ralph Patterson, Mrs. Lloyd Pontious, Mrs. E. E. Hemmeger, Mrs. J. L. Chilcote and a guest, Mrs. Thomas Hockman.

Becky Liston
Has Birthday

Miss Becky Sue Liston celebrated her sixth birthday Saturday at a party given by her parents, Mr. and Mrs. L. Robert Liston Jr., Route 3.

Those attending were Sally Minor, Janelle Thompson, Jill Bach, Elaine and Ilene Jones, Janie Rogers, Nancy Rhoades, Marshall Hoffman and Bruce and Brent Liston, all of Circleville.

Mrs. Russell Liston and children, Rusty and Suzi, Washington C. H., and Gayla Cook, Amanda; and Mrs. John Boggs and son, Johnny, Kingston.

Christmas Plans
Made by WSCS

The November meeting of the WSCS of the Adelphi Methodist Church was held in the home of Mrs. George H. Armstrong, Kingston. Miss Florence Bowsher was co-hostess.

Devotions and the group study was in charge of Mrs. O. B. Armstrong and Mrs. Nelson Jones. Mrs. O. B. Armstrong, Mrs. Orland DeLong, Miss Florence Bowsher, Mrs. George Rihl and Mrs. P. O. Armstrong participated in special music and readings.

Christmas gifts were brought to be sent to Henderson Settlement, in Kentucky. Plans were made to prepare baskets for shut-ins and to remember a needy family at Christmas.

Refreshments were served to 14 members and six guests. The December meeting will be held in the home of the president, Mrs. Horace Hubbell. A luncheon and gift exchange will be held at that time.

Mt. Pleasant WSCS
To Hold Supper

Mt. Pleasant WSCS will hold a community supper starting at 6:30 p. m. Sunday, December 13, at the church.

Those attending are asked to bring a covered-dish. A pound-party will be held for the Rev. Charles Stephens and family.

Dear Abby...

Give No Boy Money's Worth

DEAR ABBY: Please don't think I am cheap. Here is my girl who is considered quite popular. I have a good reputation. When a fellow takes me to a show or some place nice, I feel that I have to repay him for what he's spent on me. I don't go too far, but I can't turn him down when he wants to park and make out. I am not "in love" with any of them. They are just nice dates. Afterwards I always feel cheap. When a boy has spent his hard-earned money on me I can't say no. Is this wrong?

NOTCH EAP
DEAR NOT: This IS wrong. When a fellow asks you for a date, all he is entitled to is your company. Unless you want to risk your "hard-earned" reputation, don't feel obligated to give a boy his "hard-earned" money's worth.

DEAR ABBY: What is your opinion of a person who is ALWAYS late for an appointment? I realize that a person can be late once in a while for good reasons. But this certain person claims he thinks the world of me yet in all the time I have known him he has never been on time for an appointment. He is always anywhere from 30 minutes to an hour and a half late. I would like your remarks on this subject to be printed, please.

LOSING PATIENCE
DEAR LOSING: The chronic "late-nik" lacks a very important quality, namely: consideration for others. I have never known a person who consistently kept people waiting who was not equally disappointing in other respects.

DEAR ABBY: I am going out

of my mind trying to figure this out. I can't ask anybody because nobody is supposed to know about it. When my mother married my father she was a widow with two teen-aged daughters, one of whom had a baby fathered by my father before I was born five years later. What is my relationship to the baby my half-sister had? And what is that baby to my mother?

PERPLEXED
DEAR PERPLEXED: Your half-sister's baby is your mother's grandchild since it is the child of her daughter. The child is your half-sister (or brother) you have a common father.

CONFIDENTIAL TO JOE W.: Your dreams of being a detective are far from foolish. Ask for "THREE STUFFED OWLS" by Keith Robertson, (your school or public library has it). Here is a real cool mystery-detective story about two 13-year-old boys who run their own detective agency and do a neat job of it. (Don't let the title fool you. There's nothing babyish about this book.)

What's your problem? For a personal reply write to ABBY, care of this paper. Enclose a stamped self-addressed envelope.

DRESSING FOR SLAW

Ingredients: 1 teaspoon salt, white pepper, 1 tablespoon sugar, 3/4 teaspoon dry mustard, 1/2 cup milk, 1 egg, 1/4 cup cider vinegar, 1/4 cup sour cream or substitute.

Method: In the top of a double boiler stir together thoroughly the salt, dash of pepper, sugar and mustard; stir in 1/4 cup of the milk. Whisk in egg until combined; add remaining 1/4 cup milk. Slowly stir in vinegar. Cook and stir constantly over hot water until as thick as thin white sauce. Cover and cool. Gradually fold into sour cream. For slaw, moisten shredded cabbage with dressing, adding more sugar if you like; refrigerate overnight before serving. Makes 1 cup dressing.

The Scandinavians sometimes add a little coffee (with cream and sugar!) to the gravy for leg of lamb. Nice rich color results, but don't add too much of the brew or you will spoil the good meat flavor.

Massillon Voted Ohio's Top High

COLUMBUS, Ohio (AP)—Massillon's Tigers looked natural today as they perched on Ohio's high school football throne.

The Stark County powerhouse, winner of 10 straight, was voted the championship and the Rutgers Hall of Fame Trophy by 53 sports writers in the final Associated Press poll. It was Massillon's eighth title in the poll's 13 years. Only one other club, Canton McKinley, has won it twice.

And McKinley, ancient foe of the Tigers, was the stepping stone to this year's triumph. A week ago Massillon was second to Springfield's nine-game winners tripped McKinley 20-0 Saturday, while Springfield was idle, to snatch the laurels.

Only 16 of the 53 writers representing newspapers and radio-television stations were from the southern sector, but even the northern group was so impressed by Springfield's stature that it threw heavy stopper to the Wildcats.

On the 10-9-8 etc. voting basis Massillon wound up with 427 points to Springfield's 389—a margin of 38. Massillon picked up 40 as four northern Ohio ballots put the Tigers in first place and ignored Springfield entirely. Had the four named Springfield to the second spot, the Wildcats would still have been two points off Massillon's total.

Barberton won the inaugural poll back in 1947, then Massillon cracked through for seven in a row, six under Coach Chuck Mather and one under Tom Harro. Wade Watts' Canton McKinley club took over the next two years, followed by Cleveland Benedictine and Mel Knowlton's Alliance Aviators. The latter, defending champs, finished twelfth this time.

The Rutgers Hall of Fame Trophy, emblematic of the championship and awarded annually to The Associated Press poll winner, must be captured three times for permanent possession.

Massillon has one tucked away for its 1950-51-52 string, and today's conquest adds another for the 1953-54-55 championships. The award will be made at the Tiger-

town banquet Thursday, Dec. 10. This is the second time Springfield has finished as runnerup to Massillon. In 1952 Jim McDonald's Wildcats matched Massillon's 10-game winning streak, but the voters gave the Tigers the nod. The Wildcats were ninth in 1949, fourth in 1950, third in 1951, second in 1952 and ninth in 1954, for the best showing any rebel team has ever made. Only other southern squads to menace the champions were Hamilton in 1950 and Portsmouth in 1953. Each finished second to Massillon.

In addition to their unblemished records, the two leaders were close in everything else. Springfield averaged 45.3 points to Massillon's 43.1, and on defense the Wildcats had the better of it by allowing 4.2 points per game to Massillon's 4.6. None came close to the defensive mark of third-place Kettering Fairmont which allowed only seven points in winning nine straight.

Broncos Loaded With Veterans

The Broncos of Ashville have come up with another top notch ball club after rebuilding from last year. All five starters return this year.

In fact Coach Russell Gregg has come up with a potential powerhouse. Built around senior Bobby Hoover, Ashville, has the mat to go all the way.

In every department Ashville has the raw material. Height is provided by Hoover, 6' 4"; Gary Gaines 6' 1"; Paul Frase, 6' 5"; Tom Rathburn, 6' 3", and Dale Curry, 6'.

Experience is provided by Seniors Hoover, Gaines, Phil Reese, Dale Fout; Juniors Jim Gregg and Jim Franks, and Sophomores Rathburn and Dickie Hollenback.

FOUR OF ASHVILLE'S starting five are expert shots. They are Rathburn, Hollenback, Hoover and Gaines. All four are ready since none played football.

Hoover is a natural rebounder with uncanny jumping ability. In addition he is deadly from anywhere around the bucket on turn-around jump shots and hooks.

Rathburn will push Hoover because the young sophomore is capable of double figures any night with his drive-in jump shots and rebounding.

Gaines is deft from the corner and a fine rebounder. When Ashville's big three bankboard men are tied up, Hollenback can break any game wide open with his 25 to 30 feet set shots and drive-in ability.

Fifth position will be a season-long battle between Gregg, Dick Noggle, a 5' 10" junior, and Phil Reese. All three men are fine ball handlers and can score at ease.

Rounding out the first twelve is 5' 7" juniors, Jim Brown. The Broncos have the team, desire and schedule to place well up in the state rankings this year. Just the breaks are left.

LAST YEAR the veterans racked up the following averages: Hoover, 22.7; Fout, 2.4; Gaines, 6.7; 5' 10" Reese, 3.4; 5' 8" Hollenback, 12.4; Rathburn, 11.1; 5' 10" Franks, 4.1, and 5' 9" Gregg, 3.7. Hoover finished fourth in county scoring during the regular season with a 22.8 average. Offensively, the Broncos ranked second in the county, scoring 1,157 points for a 64.3 average.

On defense, Ashville allowed opponents to tally 1,143 points for a

Syracuse Keeps Top Grid Spot

Mississippi Given No. 2 Rank in Poll

By THE ASSOCIATED PRESS

Syracuse, the only unbeaten, untied major football power, retains the No. 1 spot in the Associated Press poll of sports writers and sportscasters for the third straight week.

The powerful Orange polished off Boston University 46-0 Saturday and now have two weeks to get ready for their regular season finale with UCLA, Dec. 5. After that Coach Ben Schwartzwalder's men move on to the Cotton Bowl in Dallas.

Syracuse's finale with UCLA now looms as an important test that should measure their real ability. UCLA knocked off Southern California, which had been the only other perfect record team, 10-3.

The weekly voting produced a landslide for Syracuse with 121 of 174 first place ballots. The next best was Mississippi, the No. 2 club which drew 32 firsts, although it didn't play. Mississippi still has one to go, a Nov. 28 date with oft-beaten Mississippi State.

Louisiana State held third place by whipping Tulane 14-6, closing out its regular season. LSU will play in the Sugar Bowl, Jan. 1.

The top ten with points based on 10 for a first place vote, 9 for second etc. (First place votes in parentheses):

1. Syracuse (121) 1,602
2. Mississippi (32) 1,377

Darby Heads Basketball Activity

Darby Twp.'s opener at Laurelville tomorrow night headlines a four-game card for Thanksgiving eve.

The Trojans have their work cut out for them to come anywhere equalling last year's 21-2 record, Pickaway County League co-championship and county tournament title.

Led by the deadly accuracy and ball handling of the two Tommys, Walters and Liff, Darby starts the season against a rugged competitor, Laurelville (4-1).

The Wildcats have an experienced squad along with height and fine ball players. Their only loss was to Carthage-Troy an Athens County powerhouse.

MONROE, (1-4,) travels to arch rival Atlanta for a non-league encounter.

The Indians will have a tough job stopping the scoring and rebounding of the Red Raiders' Ronnie Morris and Tommy Oyer, faces one of its toughest tasks of the year when it takes on host Clarksburg, also undefeated.

The Deers' David Myers will need all his skill to offset the scoring of Timmons and the McDonald brothers and the bank-board control of Ater.

Final tilt of the evening pits Saltcreek (0-1) at Centralia (1-2). The Warriors are rebuilding and need Roger Clark, who was out last Friday with an injured ankle.

Centralia is faced with much the same situation as Saltcreek, but has steady Sonny Harrison to headline its scoring.

Tonight's action features one contest, Pickaway hosting Stoutsville (1-0).

Martin's Pilot Given Trophy

Porter Martin's J. M. Pilot was awarded a trophy Saturday for being the best two-year-old pacer of the year.

The award was made to the harness horse by the Ohio Col. Race Assn. at its annual meeting in Wilmington Saturday night. Martin lives at Route 3.

New Holland Opens League With Six Teams Participating

The New Holland Independent Basketball League opened play last night with three games at the NH High School gym.

Six teams from Pickaway and Fayette Counties compose the new loop. They are Morrison's Carry-out of Circleville, Williamsport, Drake's Produce, Kirk's Furniture of New Holland, Jeffersonville and Kaufman's Bargain Store of Washington C.H.

Games are slated to be played each Wednesday night at the New Holland gym. The tests were played last night due to a New Holland High School tilt scheduled this Wednesday night.

Action last night saw Morrison's Carry-Out stop Kirk's 51-45, Williamsport trip Jeffersonville, 67-52, and Drake's Produce take Kaufman's 76-47.

THE Carry-Out team had three men scoring in double figures. They were Jerry Collins with 16 points, Ray Rienheld with 14 and Boyd Marshall with 11.

Glen Large posted 17 tallies to lead the way for Kirk's.

Williamsport also had three men scoring 10 points or more. Metzger was high with 21, Picklesimer had

CHS Grapplers Working Hard

Season To Open With Dayton Team

The Circleville High School gym was a scene of some grunts and groans yesterday as the CHS Wrestling team put in some heavy work in preparation for its season opener on December 5.

Coach John Current so far has about 33 hopefuls trying out for berths on the team. The coach said more are expected to report for practice.

The Tiger grapplers open here in a match with Dayton Fairmont. The test is slated to start at 2 p.m. The current roster includes 10 freshmen, five sophomores, 10 juniors and eight seniors.

COACH Current has his squad broken down into 11 classes according to weight. They are 103, 112, 120, 127, 133, 138, 145, 154, 165 and 175 pounds. Candidates over the 175 class are listed as heavyweights.

The candidates by weight class are: 103—Dave Troutman, soph; Tim Mogan, fresh; Jerry Francis, fresh, 112—Bob Owens, jr.; Dan Ellerman, Jr.;

120—Ernie Lindsey, sr.; 127 — Ray Winner, jr.; Gary Agin, sr.; Phil List, fresh, 133—Mike Wilson, fresh; Chuck McDowell, jr.; Bob Quince, fresh;

138—Russ Ferguson jr.; Leo Moats, sr.; Dave Smith, sr.; 145 — Dick Warner, sr.; Phil Wing, Jr. 154—John Williams, Jr.; Ray Taylor, fresh; Ed Wright,

All Tiger Cagers Prep for Openers

Varied drills highlighted practice yesterday for the 1959-60 edition Circleville High School basketball Tigers.

Coach Dick Snouffer ran his charges through a series of workouts, including a scrimmage session. Bulk of the work pointed to fundamentals such as ballhandling, playrunning, shooting fouls and defensive maneuvers.

The current important date for the Tigers is set December 4 when they travel to Franklin Heights to open the season. The following night they return here to entertain the Bulldogs of Athens and open the home slate.

Larry Hannahs, number one denter, was not at practice yesterday due to illness. He is expected to be back for work later in the week.

DAVE Hicks, nursing a football arm injury, reported for drills yesterday. The hustling football guard will be counted on for varsity duty. Getting regular calls for varsity practice so far have been Bob Shadley, Jake Bailey, Linden (Hoot) Gibson and Sam Weller. Shadley and Bailey both are regulars from last season, although each played only about half the season. Shadley suffered a chipped bone early in the year and Bailey came out for the team about midway in the season.

Weller, a promising sophomore, is up from the reserve team. His 6-3 frame is a vital asset to the Tigers and he is devoted to the hardwood game.

Coach Snouffer has several other promising underclassmen making stabs for a varsity berth, including Dick Kline, Jim Wellington, Irving Ellis, Luther Johnson and Roger Roebuck.

Coach Jack Weikert has about 25 candidates working out for his reserve team. The junior Tigers work out at the CHS gym following varsity practice sessions.

DON Neff and Paul Sarchet are handling junior high cage activities. Neff works with the 8th graders at the National Guard Armory on E. Franklin St. and Sarchet holds drills for 7th graders in the old CHS gym.

The varsity and reserve cagers will play on the same schedule and tentative plans call for the 7th and 8th graders to play on separate slates.

North Carolina and Michigan State will meet for the first time in football in 1962. They will meet at East Lansing, Mich.

D'Amato Says He's Shocked By Loss of Ring Licenses

NEW YORK (AP)—A "shocked and dismayed" Cus D'Amato expects to get back his license to manage and second fighters in New York state through legal action.

If that effort doesn't meet with success, the National Boxing Assn. offers him a glimmer of hope he may be able to manage within its jurisdiction. That would give him most of the nation in which to operate as manager of former heavyweight champion Floyd Patterson if Sweden's Ingemar Johansson will consent to meet Patterson outside New York.

"I have a legal contract for the return bout and I intend to fulfill this obligation," D'Amato said.

D'Amato, whose license was revoked Monday by the New York State Athletic Commission, indicated in a statement relayed by attorney Edwin S. Schweig that his first move may be court action to upset the commission's action.

The statement questioned the

legal authority of the commission to revoke a license that had expired last Sept. 30, and asserted that if the commission believed he had done anything wrong it had the facts May 22, 1959, well before the Patterson-Johansson title fight, yet made no move of any kind until Oct. 26.

The wrong referred to, and on which the commission based its decision, was related to four charges, to wit: 1. failing to appear at a Sept. 14 commission hearing into alleged irregularities in the title fight promotion; 2. as a licensed manager participating as a matchmaker and promoter in the title fight; 3. seeking to foist Harry Davidow upon Johansson as a manager, thereby attempting to control both contestants, and 4. failing to file after the fight a manager's financial report within the five days.

A fifth charge, that of consorting with Charley (Black) Antonicci, described by the commission as a gambler and an associate of bookmakers, was dismissed. The commission ruling further heavyweight title picture as it pertains to a rematch between Patterson and Johansson.

Anthony Macaroni, NBA president, said in Providence, R.I., Monday night that his organization temporarily would uphold the ban, but that the NBA is leaving the door open for D'Amato to be heard by the association's grievance committee.

Patterson now has no manager anywhere in the country, and to further complicate matters Rosensohn Enterprises, Inc., which holds the return bout contract, previously had its New York license revoked.

Chips Down Now, Paul Brown Says

CLEVELAND (AP)—A year ago the New York Giants wiped out Cleveland's one-game lead, then went on to whip the Browns in a playoff for the Eastern Conference title of the National Football League.

Now the Browns must reverse the tables.

"We have to win, win, win," said Coach Paul Brown Monday night. "The chips are down now and we must get ready for an all-out effort."

"It can be done. The Giants did it, didn't they?"

The first hurdle must be crossed Sunday against San Francisco's victory-starved 49ers at the Stadium. The 49ers have blown a two-game lead with two straight losses, but still are tied with Baltimore for the top spot in the Western Conference.

With the 21-20 loss to Pittsburgh here Sunday while New York and Philadelphia both won, the Browns are even with the Eagles — one game back of the Giants.

Cleveland goes on the road after the San Francisco clash to do battle with the two teams it must beat to win the title—the Giants Dec. 6 and the Eagles Dec. 13.

The 49ers will be starting second-string quarterback John Brodie against Cleveland, because of a knee injury to star field general Y. A. Tittle. But the Browns also will be hurting if offensive tackle and captain Mike McCormack doesn't play. He suffered a shoulder injury in the Steelers game, but X-rays show it is a tendon strain.

"It still is very painful," said Dr. Vic Ippolito, team physician. "We should know more in a couple of days."

Football Bet Pool Suspect Arrested

CLEVELAND (AP)—A raid on the La Scala Lounge Bar in Cleveland Heights Monday night netted 500 football pool bet slips. The bartender and three customers were held for questioning.

Police Chief Edward F. Gaffney led a 12-man raiding party. He called the bar "the center of football pool activities on the East Side."

Police Capt. Earl J. Gordon said that Dominic Conte, 32, owns the bar and that charges of recording wagers and keeping rooms for gambling would be prepared against him.

3 Wildcats Named To All Big Ten Team

CHICAGO (AP)—Guard Bill Burrell of Illinois and tackle Dan Lanphear of Wisconsin are the only unanimous choices for the 1959 All-Big Ten football team selected by 12 Associated Press sports writers.

Although Northwestern tailspinned after winning its first six games, the ever-dangerous Wildcats landed three places on the AP team.

Champion Wisconsin, Illinois and Iowa each took two berths. One spot each went to Michigan State and Ohio State.

Burrell and Lanphear typify an outstanding 1959 crop of Big Ten linemen, which, throughout the season, stole much of the thunder from the backs.

Aligned with these two seniors on the first team were ends Jim Houston, Ohio State, and Don Norton, Iowa; tackle Joe Rutgens, Illinois; guard Jerry Stalcup, Wisconsin; and center Jim Andreotti, Northwestern.

The No. 1 backfield consists of quarterback Dean Look, whose all-around play guided Michigan State to second place; halfback Bob Jeter of Iowa, the Big Ten's leading ground gainer; halfback Ron Burton of Northwestern, an explosive game-breaking runner and adept pass catcher; and fullback Mike Stock, Northwestern's rushing leader and No. 1 scorer 1958 the league.

Repeaters from last year's All-Big Ten were Burton, Houston and Stalcup. Guard Ron Maltony of Purdue dropped from first to second team and injury-bothered fullback Bob White of Ohio State fell to the third team.

Grab of Citizen On Suspicion Hit

WASHINGTON (AP)—The Supreme Court declared today that suspicion alone is not sufficient reason for a police officer to lay hands on a citizen.

With this pronouncement the court set aside by a 7-2 vote the conviction of John Patrick Henry of Chicago on charges of unlawful possession of three cartons of stolen radios.

The court majority, in an opinion written by Justice Douglas, said FBI agents investigating liquor thefts stopped without probable cause an automobile in which Henry was a passenger and discovered the radios. Further investigation developed that the radios had been stolen from an interstate shipmen.

The FBI agents had no search or arrest warrant, and Douglas declared their actions were illegal and unconstitutional.

Gottschalk Withdraws in College Fuss

WILMINGTON, Ohio (AP)—G. Richard Gottschalk, a member of the Syracuse, N. Y., Board of Education, has notified the Board of that he no longer wishes to be considered for president - elect of the Quaker College.

Word of Gottschalk's withdrawal was sent to Mason Roberts of Dayton, chairman of the Board of Trustees.

Gottschalk first was named president of the college by the trustees last May. The Wilmington Yearly Meeting of Friends (Quakers), which controls the operation of the college, declared, however, he had not been approved by the church group.

The trustees named him again in September and again the Yearly Meeting declined to approve.

The Board of Trustees is neither autonomous nor self-perpetuating under the college charter.

A statement by Roberts said "it is imperative that the Board of Trustees be girded with final powers of authority in matters of college policy and administration."

Roberts said Gottschalk's leadership "held great promise for the future of Wilmington College."

In Syracuse, Gottschalk said the prolonged dispute had "adversely influenced his future administrative direction of college affairs."

The Wilmington Yearly Meeting said Gottschalk's business background, although good, was "not of the image we feel imperative in such a presidency."

Gottschalk, a Presbyterian, insisted he would take over the post full-time Jan. 1, when he retires after 12 years on the Syracuse Board of Education.

On changing his mind, he said he would continue in a management consultant firm he operates in New York.

Grid Game Ended By Racial Fuss

BALTIMORE, Md. (AP) — Police and city recreation officials today quizzed coaches and players involved in a sandlot football game which erupted into a gang fight between whites and Negroes.

The fight broke out Sunday near the end of a game between two teenage teams, one white and the other Negro. Six players on the all-white C.Y.O. team, their coach and the white referee were taken to hospitals, X-rayed, treated and released.

The white coach, Roland Butschky, said the fight started late in the game after his team tied the score with a touchdown. He said one of his players tried to run for the extra point, was stopped short of the goal line and then was attacked by four or five of the opposing players.

Ohioan Keeps Tab on Ads Carried by Television Shows

WASHINGTON (AP) — Television commercials seem to fascinate Charles Sweeney, a former Ohioan. Sometimes, when he watches his set at home, he becomes so interested he takes notes on them—or even records the pitchman's words on a machine.

So when anyone asks Sweeney if he considers TV commercials offensive—a question rising from the current exposes of phony quiz shows—he honestly can't say.

This is because Sweeney it's his job. He is top legal adviser to the Federal Trade Commission on false and misleading advertising on radio and television.

As such, he is unconcerned with whether a commercial is absurd or offensive to taste. His main interest is whether he can prove that something being said isn't true.

Sweeney has been with the FTC since 1935. But his roots are in Toledo, Ohio, where he grew up. His mother, Mrs. Grace Sweeney, lives in Waterville, outside of Toledo. His brother, James, is credit manager of Owens-Illinois Glass Co. in Toledo.

The job of establishing whether a television commercial is true or false isn't always easy, Sweeney tells you.

"We have to prove it," he says, "and frequently what the commercial says about a product is something that authorities are divided on."

"For instance, authorities are split wide open on whether it helps prevent decay to put a fluoride in toothpaste. Where scientific opinion is divided, we're almost helpless."

On the other hand, Sweeney has had his successes. He figured in the decision to tell Carter's Little Liver Pills to make the name, henceforth, Carter's Little Pills. Another case was the FTC order stopping the makers of Rolaid from dressing the pitchman in a doctor's white coat.

Sweeney concedes that the number of sponsors ordered to stop phony commercials is comparatively small. He won't discuss—as a matter of policy—whether he thinks the FTC should expand its activities in this field.

\$1,700,000 Overpass In Cleveland Finished

CLEVELAND (AP)—The \$1,700,000 Lakewood Heights Blvd. overpass at the New York Central Railroad and Berea Road will be opened to traffic late today. An extension of the Cleveland Transit System's rapid transit had closed the boulevard on Nov. 15 of last year.

Alabama Private School Bill Loses

MONTGOMERY, Ala. (AP)—A private school bill which some educators had said might undermine the public school system died by pocket veto Sunday night. Gov. John Patterson failed to sign it before midnight, the legal deadline.

The bill would have empowered the state to make scholarship grants to pupils who might want to attend nondenominational private schools even though public school facilities were available.

They would have been entitled to receive a proportionate share of state funds allocated for pupils in public schools.

Air Agency Clarifies Order on Pilot Permits

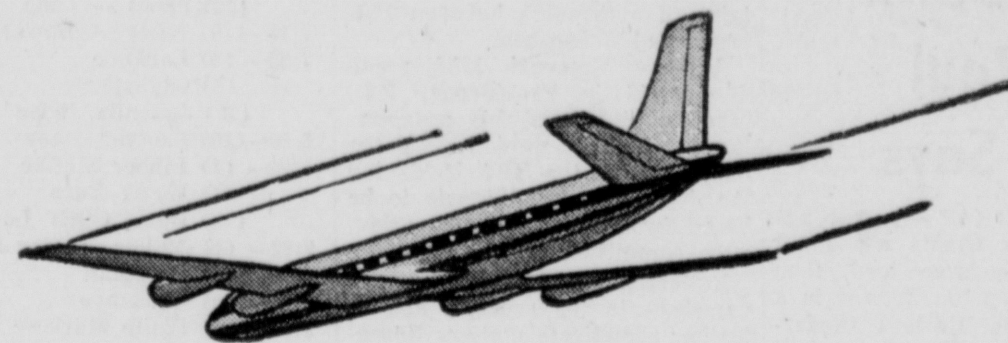

WASHINGTON (AP) — The Federal Aviation Agency said today its new requirement that private pilots take special training in how to fly safely in bad weather will apply initially only to those licensed after next March 16.

The main impact, therefore, will be on student pilots.

FAA said it has not decided how the regulations will be applied ultimately to all private pilots.

Two More Seek County Post

Wayne Hines, Homer Long Get Petitions

Two Republicans today took out nominating petitions from the Pickaway County Board of Elections seeking a County Commissioner post.

Wayne G. Hines, Route 1, Ashville, and Homer Long, Route 1, New Holland, are seeking the nomination. Hines is the incumbent seeking his second straight term.

The 43-year-old Hines is a native of Pickaway County and a 1934 graduate of Walnut Twp. High School. He has farmed since high school.

He is a past member of the Walnut Twp. Board of Education; a member and past master of Nebraska Grange; member of Pomona Grange;

PRESIDENT of the Central Ohio Ayrshire Assn.; member of Hedges Chapel Church; member of Hedges Chapel Board of Education, and financial secretary of the Hedges Chapel.

He and his wife, the former Irma Frazier, have three children.

Long, 53, is a native of Scioto County and attended Rush Twp. school there. He has farmed most of his life and has dealt in livestock.

He moved to his present home in Perry Twp. in 1942 after a spending 14 years farming in Madison County.

He was a member of the Stokes Twp. Board of Education, Madison County. Presently he is serving his fourth term as a Perry Twp. Trustee.

Long is a member of New Holland and Masonic bodies; the Aladdin Shrine, Columbus, and Shrine Clubs of Pickaway County and Washington C. H.

THE WASHINGTON C. H. Elks Lodge member and his wife, Alma, are the parents of five boys and a girl. They are Mrs. Donald Adams, 148 Pleasant St.; Roger, a freshman at Ohio University;

David, manager of Dunlap's Atlanta mill company; Carl, employed at the local DuPont plant; William, a Fayette County farmer, and Charles, enrolled in Atlanta school.

Hines and Long join Clyde E. Michel, Route 1, Orient, an incumbent Democrat, in the Commissioner race.

Present Commissioner's salary is \$3,000. The new salary calls for \$3,300 for counties with populations between 25,001 to 30,000.

The county's population is expected to increase to between 30,001 to 35,000 in the 1960 census in which case the Commissioner's salary will increase to \$3,550.

500 Students Overcome at Choral Fete

STILLWATER, Okla. (AP) — Carbon monoxide fumes disrupted a huge choral festival and sent some 500 high school students to hospitals and first aid stations Monday night.

Many were ill with carbon monoxide poisoning. Others thought they were and had to be treated for hysteria. None was considered even seriously ill. Doctors guessed about 200 had varying degrees of monoxide poisoning.

The youngsters were part of more than 5,400 Oklahoma high school singers from 109 schools taking part in the eighth annual Thanksgiving songfest at Oklahoma State University. Another 3,000 or so persons filled Gallagher Hall to hear the massed voices.

About 200 school and charter buses were parked around the fieldhouse. About halfway through the performance many drivers started the engines to warm the buses for the trip home.

Weldon Barnes, OSU public relations officer, said the fumes apparently were drawn into the fieldhouse by air intake fans.

Hardest hit were the soprano and alto sections in the balcony at the south end. Girls out-numbered boys at hospitals and aid stations about 10 to 1.

The program was halted just before the final number, the Hallelujah Chorus from Handel's "Messiah."

British See Delay In Summit Parley

LONDON (AP) — Diplomatic circles in London believe the date for the East-West summit conference is getting farther and farther away. But officials in Paris and Bonn say the meeting with Soviet Premier Nikita Khrushchev still is likely before June.

Diplomatic observers here cite the full schedule of engagements for the world's chief political leaders. They see signs that Communist China is trying to put the brakes on negotiations between the Soviet Union and the West.

There is speculation that the summit won't be reached until 1951, when a new American president will be in the White House.

But West German press chief Felix von Eckardt told newsmen Monday the prevailing opinion in Bonn is that the meeting will be held in April.

American and French diplomatic sources in Paris say the most logical date appears to fall somewhere between the last week in April and the end of May.

They agree that it can't be set before then. Khrushchev will visit France for two weeks beginning March 15. French President

Charles de Gaulle will be in Britain April 5-8. Following that, Western discussion of the Khrushchev visit plus time required for technical arrangements could take up another two weeks.

There also is a possibility that De Gaulle will visit America sometime in May, thus pushing a summit date back some more.

There is a feeling here that Khrushchev might lose any desire for a meeting if it fails to materialize by mid-June. Several leading British newspapers point out that by then the U.S. presidential election would not be far off, and Khrushchev possibly would prefer to talk with the new president rather than outgoing President Eisenhower.

These papers maintain there is little to support Prime Minister Harold Macmillan's continuing display of confidence that an early summit can be held. They say his hopes received a rude setback when Khrushchev failed publicly to oppose De Gaulle's call for a slower approach to top-level negotiations, and when he agreed to visit France in March rather than in February.

Area Churches Set Services For Thanksgiving Holiday

Thanksgiving Service will be held at the First English Church at 9 p. m. Thursday.

The Rev. Louis Giese, pastor of St. Paul Lutheran Church, Ashville, will be guest speaker. Topic for his sermon will be "In Everything, Give Thanks."

This service will be held at the First English Church in conjunction with the local ministerial association. The public is invited.

Stoutsville Community Service will be held at 7:30 p. m. tomorrow in the Evangelical Reformed Church.

The Rev. G. Evans will deliver the sermon. All Stoutsville churches will be participating in the special service.

The Kingston Union Service will be held at 7:30 p. m. tomorrow in the Mt. Pleasant Methodist Church.

The Rev. Mr. Hammond, Church of Christ in Christian Union, will present the sermon. The Thanksgiving offering will go to the CROP.

5 Dangerous Carolina Felons Kill Work Foreman, Escape

JEFFERSON, N.C. (AP) — "I didn't know they had already killed a man...that he was in that truck out there."

"Oh, if I had known that..." Her eyes were welling with tears and her voice was trembling as Mrs. Edd Sheets described her brief, unwilling role in the escape of five dangerous felons from an Ashe County prison gang.

She was alone Monday morning with her sick, 6-year-old daughter at their home about 15 road-miles north of Jefferson in the rugged Blue Ridge Mountain country. The daughter was watching a children's television show.

"I had seen the convict truck go down the road. I never do rest until it's gone," said the 32-year-old mother of four daughters.

The truck carried 12 prisoners and three guards to the day's work assignment, a spot in the remote Cranberry Creek section. While en route, some of the prisoners cut a hole through the top of the wire cage.

When the vehicle stopped, five prisoners scrambled through the hole and onto guard William F. Handy as he dismounted. Handy was knocked down and disarmed. One prisoner shot work foreman Fields Absher, 55, near the heart.

Guard Judd Jones exchanged fire with the felons, but one of them held a gun muzzle against Handy's head and ordered Jones to drop his weapons.

The seven prisoners who did not participate in the escape pleaded with the felons not to kill Handy, as Jones had surrendered.

The escapees donned the guards' caps and uniforms and ordered Jones and Handy into the truck cage. The other seven prisoners loaded the mortally wounded Absher, a grandfather, into the cage also.

"I saw the prison truck come back and it stopped out front,"

Cranberries Returned To Yankee GI Menu

TOKYO (AP) — Cranberries today went back on the Thanksgiving menu for all U.S. military personnel in Japan and Korea.

They were banned last week pending tests to determine if there had been contamination by a weed killer reportedly capable of producing cancer.

Prisons OK Cranberries

WASHINGTON (AP) — Roast turkey with cranberry sauce will be served Thursday to the 22,300 inmates of federal prisons.

said Mrs. Sheets. "One man got out and came to our door. He had on guard clothes and I figured he was all right."

Mrs. Sheets opened the door and the man, with aimed pistol, demanded the keys to her 1959 automobile. The five piled into the red-and-white car and fled.

Jones, Handy and the seven other prisoners rushed Absher to a hospital.

"He died before we got there," Jones said. "I don't believe he ever said a word."

The State Highway Patrol, assisted by city, county and federal officers, set up roadblocks in the northwestern section of North Carolina, trying to keep the heavily armed felons within the mountains where escape routes are few.

Moral Tone Is Improved In Las Vegas

LAS VEGAS, Nev. (AP) — Nelson Eddy singing "Shortnin' Bread" instead of Candy Barr stripping to the strains of "A Pretty Girl is Like a Melody," and a nearly nude chorus line ordered back into costumes.

That's a result of an official campaign to improve the moral tone of gambling casinos in this desert resort.

Both steps were taken Monday at one hotel. Another is fighting the county commissioners' demand that it fire its headline—female impersonator T. C. Jones.

The commissioners included Jones with Miss Barr and bare bosoms in what they termed unsuitable entertainment. Jones is appearing at the New Frontier Hotel show producer Bill Miller.

Hotel show producer Bill Miller said: "How can I fire him? (Jones). What's he guilty of? He's a great entertainer and has appeared at a lot of the country's top shows."

Owner Beldon Klateman of the El Rancho Vegas originally had refused to fire Miss Barr after authorities pointed out that she is appealing a 15-year prison sentence in Texas for possession of narcotics.

Her appeal bond was vacated while she was dancing at the hotel and she was jailed until it was re-instated. She is an ex-girl friend of Mickey Cohen, onetime Los Angeles mobster, and there were rumors he had a part in her adventures with the bondsmen.

Columbus Man Found Guilty

R. D. Starkey Faces Jail for Forgery

Reese Desmond Starkey, 47, Columbus, yesterday was found guilty by a Pickaway County Common Pleas Court petit jury of a forgery charge.

Starkey stood trial for a forgery charge brought against him by a special session of the April Grand Jury held August 24.

He was arrested by the County Sheriff's Department. First witness for the prosecution, handled by County Prosecutor Ray W. Davis, was Sheriff's Deputy Dwight Radcliff.

He testified of receiving a call from Forrest L. Easterday, 427 S. Pickaway St., concerning a check returned to Easterday because its writer had no account at the local bank.

THROUGH PICTURES supplied by the Bureau of Criminal Identification, London, Easterday recognized Starkey as the man who passed the bad check, according to Radcliff.

Starkey was apprehended in Franklin County and returned here for prosecution. Under cross-examination, Radcliff testified that there were holders on Starkey from Athens, Fairfield and Perry Counties for forgery.

Radcliff testified, over objections from Starkey's court-appointed attorney, Kenneth M. Robbins, 129 1/2 W. Main St., that the defendant has served a forgery sentence in the Ohio State Penitentiary, Columbus.

Dr. Walter F. Heine, 109 E. Mound St., identified Starkey as the man he had treated and given medicine. He said that Starkey had attempted to pass the check finally given Easterday, but that he refused to cash it.

Easterday identified Starkey as the man who gave him the bad check. Hugh Leggett Jr., handwriting expert with the BCI, testified that he compared specimens of Starkey's handwriting with the bad check's signature, C. C. Reinhardt.

Specimens of Starkey's handwriting were from letters he had written Sheriff Charles H. Radcliff and Common Pleas Judge William Ammer.

LEGGETT said that comparisons of handwriting found 10 points of similarity and in his opinion they were written by the same person. The state rested its case at this point.

Robbins then asked for a directed verdict for his client because the state had not established its case and that the state hadn't proved the forgery had taken place here.

Judge Ammer overruled the request. The defense placed no witnesses on the stand in defense of Starkey and rested its case.

The presiding jurist delivered a 25-minute charge to the jury, which took 20 minutes to bring in a guilty verdict.

Starkey will be sentenced soon. He is liable for a one to 20 year sentence in the OSP. Robbins indicated he may appeal the case.

Members of the jury were: Mrs. Wilson M. Wood, 117 Dummore Road; Kenneth Reid, Route 1, Williamsport; Clark Smith, Route 1, New Holland;

OSCAR FLACK, New Holland; Mrs. Marie E. McGhee, Route 2, Williamsport; Mrs. Richard Lee, 414 N. Pickaway St.; Mrs. Lois Morrison, Route 1, Williamsport; Carl J. Porter, 318 S. Pickaway St.; Carl Dumm, 129 Town St.; Charles McCray, Route 1, Ashville; Pearl D. Armstrong, Route 1, Laurelville, and Dale E. Strawser, Route 2.

Shortage Uncovered In Clinton Court

COLUMBUS, Ohio (AP) — State Auditor James A. Rhodes said today examiners uncovered a \$2,100 shortage in accounts of the Clinton County Probate Court.

Prosecutor George Schilling of Clinton County told Rhodes that Mrs. Helen Ray, a deputy of the court, admitted mishandling of the funds and made full restitution.

Probate Judge Roland Cary was not involved in the shortage, Rhodes reported.

FLOODS AND WASHOUTS HIT WASHINGTON — This aerial view shows the flooded area around Auburn, Wash., south of Seattle, after the Green river went over its banks. Floods, slides and washouts forced hundreds of persons to flee their homes in western Washington.

Northwest Farms Plagued by Flood

SEATTLE (AP) — Roiling rivers in western Washington edged slowly downward during the night but a combination of rain and snow-melting temperatures in the mountains meant no immediate relief for hundreds flooded out of their valley homes.

Lowlands within a radius of about 50 miles were vast lakes, dotted by small hills where livestock huddled above the swirling waters. Thousands of acres of rich farmland were inundated and damage was expected to run into millions of dollars.

It was northwest Washington's worst flood in 26 years.

Hundreds of persons were rescued by helicopter, powerboats and amphibious craft from the Green River Valley, about 25 miles south of here, and from the Snohomish River area to the north.

Many left reluctantly—unwilling to abandon homes and livestock. Some refused to leave.

Pearl Westerlund, 59, said she didn't intend to leave her home near Kent.

"But then I stood on a chair to get away from the water, and men in a boat spotted me."

"When they asked me if I didn't want to leave, I decided I did. That water was getting pretty deep."

Although only showers hit the valleys Monday, civil defense authorities reported heavy rains in the Stampede Pass area of the Cascades. The U.S. Weather Bureau said it lost communications with its Stampede station late in the day.

In Snoqualmie Pass, where a 300-foot section of the state's main east-west route was taken out by a slide, steady rain fell.

Cross - state highway travel,

blocked by weekend slides on all passes, resumed today at curtailed rates. The state highway department said one-way traffic would be resumed on the Snoqualmie Pass highway Monday, but that rebuilding the four-lanes probably would not be attempted until spring.

Train traffic was rerouted via Portland, Ore. and Vancouver, Wash.

One woman was killed in a mountain pass accident before the highways were closed but no other fatalities were reported.

A triple trick of weather brought the wholesale flooding. Weeklong rains deluged western Washington.

A chinook, the Western name for a strong, warm, variable wind, sent mountain pass temperatures into the mid-40s. Rapid snow runoff gushed into the rain-swollen streams and rivers.

A driver and two passengers were injured when a car crashed into a telephone pole and rolled over at 8 p. m. yesterday on Route 22 about five miles west of here.

The auto was driven by Jerry Parish, 19, of 710 Lincoln Drive.

He suffered arm bruises and contusions and abrasions.

Passengers Margaret Wilkinson, 45, of 208 Lancaster Pike and Dale Wilkinson, 19, same address, received lacerations and abrasions.

All the injured were treated at Berger Hospital.

PARISH told Deputy Sheriff Robert Hoover that he was traveling east and that another car passed and splashed water on his windshield.

Parish said he couldn't see the road. He said his auto crashed into the left ditch, struck a telephone pole and rolled over. Deputy Hoover said 100 feet of fence and 100 feet of fence posts were damaged down in addition to the General Telephone Co. pole.

The deputy said the car was heavily damaged.

Ike Returns From Vacation

WASHINGTON (AP) — President Eisenhower is back in the White House today for 10 days of deck clearing in preparation for his 20,000-mile good will mission abroad.

Eisenhower, smiling and looking fit, flew back to the capital late Monday from Augusta, Ga., where he had spent a dozen days mixing work and golf.

About midnight Dec. 3 Eisenhower will be off again—on a flying tour to 11 countries in Europe, Asia and Africa. That trip will take 19 days, with a return to Washington scheduled Dec. 22.

Just now he is off on a flight to Goose Bay, Labrador, and so is the check, because, Mrs. Walsh said, "he felt I might give in to the bank and return it."

Mrs. Walsh doesn't think the bank should have fired the teller, Miss Ann Helliwell, five-year bank employee, and neither does the sergeant.

Just now he is off on a flight to Goose Bay, Labrador, and so is the check, because, Mrs. Walsh said, "he felt I might give in to the bank and return it."

Miss Helliwell is reported under treatment for shock, but her telephone is kept busy with calls, some from businessmen offering her positions.

Auto Output Due To Resume

General Motors Sets Dec. 7 for Startup

DETROIT (AP) — General Motors Corp., its automotive assembly lines shut since Nov. 11 by a steel shortage, will begin passenger car assembly again Dec. 7.

John F. Gordon, GM president, said assembly plants to start up 13 days hence are Cadillac at Detroit; Corvair at Willow Run, Mich.; and Chevrolet at Janesville, Wis., Norwood, Ohio, and Flint, Mich.

Enough components will be available to operate those plants four days during that week, the company said.

Gordon said all other GM car and truck divisions and the balance of Chevrolet will resume operations Dec. 14 on a five-day week basis.

Other GM divisions supplying parts and accessories also are recalling employees and the company said recalls will increase during the next two weeks.

GM has had as many as 220,000 of its \$20,000 hourly rated employees idled as a result of the steel shortage. It had recalled approximately 17,000 by the end of last week and an additional 36,000 are expected to be returned to their jobs by the end of this week.

Steel shortages will idle another 10,000 at Chrysler plants by Wednesday night bringing to 23,430 the total number of Chrysler workers laid off by shortages.

Chrysler said car production at its suburban Hamtramck plant would stop after today's operations. Assembly plants at Los Angeles and Newark, Del., will close Wednesday.

Ford, which makes about half its steel, is operating full weeks again after a few curtailed work weeks. American Motors and Studebaker-Packard has not been affected thus far by the steel shortage.

PARISH said he couldn't see the road. He said his auto crashed into the left ditch, struck a telephone pole and rolled over. Deputy Hoover said 100 feet of fence and 100 feet of fence posts were damaged down in addition to the General Telephone Co. pole.

The deputy said the car was heavily damaged.

Ike Returns From Vacation

WASHINGTON (AP) — The government is moving back into the steel labor negotiations in an effort to head off a new stoppage.

Joseph F. Finnegan, chief of the Federal Mediation and Conciliation Service, announced Monday night that his staff will confer Wednesday with the three-member fact-finding panel set up by President Eisenhower to deal with the walkout that shut the industry for 116 days.

Later in the day a meeting will be held with Secretary of Labor James P. Mitchell.

Finnegan would not give any details, but it is taken for granted the sessions signal efforts to get serious negotiations going again soon after Thanksgiving.

John Jacob Astor III Settles for \$240,000

POUGHKEEPSIE, N.Y. (AP) — John Jacob Astor III has settled his suit for a share of his half-brother's estimated \$120 million estate by accepting \$240,000 tax free out of court.

Astor had charged that improper influences had been brought against his half-brother, Vincent, who died in New York City last February and left John Jacob out of his will.

At Least 7 Die In Mishap near Chicago Airport

Disabled Cargo Ship Plunges 3 Blocks Short of Runway

CHICAGO (AP) — A cargo plane, returning to Midway Airport due to a fire warning, plowed into a house in rainy darkness just before dawn today and sprayed a sleeping neighborhood with fiery death.

Killed were the crew of three aboard the Trans World Airlines Constellation and at least four residents of homes drenched with flaming airplane fuel.

at least 11 persons were taken to hospitals for treatment of injuries. Four persons were reported missing, but officials were unable to say whether they were included among the unidentified bodies.

The plane, from New York and Philadelphia, crashed three blocks from the southeast corner of the nation's busiest airport, a square network of runways and terminal buildings on Chicago's Southwest Side.

TWA in New York said the plane had landed in Chicago, discharged cargo and taken off again when a fire warning flashed on the instrument panel. The pilot began circling to land again when the crash occurred, TWA said.

In a flash a string of houses and apartment buildings near 634d St. and Cicero Ave. burst into flame. Firemen said 10 dwellings were set afire, some from the plane fuel, others from flames from those sprayed with gas.

The three dead crew members were identified by TWA as C. W. Helwig, pilot; D. E. Waters, copilot, and A. L. Auge, flight engineer all based at Los Angeles.

The 116-foot-long four-engine Constellation was running behind schedule and was due in Chicago at 1:50 a.m. It left New York with a 6,576-pound cargo including an aircraft engine and other freight, 99 pounds of mail, and 106 pounds of express.

John Ascher, chief of Chicago detectives, said there were four residents of dwellings killed in addition to the three airline employees.

The bodies of a man about 40 and a woman about 35 were brought to the morgue but were not identified immediately.

Robert Quinn, fire commissioner, said the body of the pilot was found still strapped to his cabin seat 50 feet away from a building at 635 S. Kilpatrick Ave. The copilot's body was recovered from the building.

Stock Mart Prices Follow Uneven Course

NEW YORK (AP) — Profits were taken in some of the higher-priced electronics early this afternoon as the stock market pursued an uneven course.

Most key stocks showed narrow gains or losses, well within a point.

Recent sensational gainers among the "science" stocks were clipped for losses of 3 or 4 points as profits were taken. The lower priced issues in this group moved ahead moderately except for Radio Corp. which spurted 2 points on news it has developed an electronic device smaller and faster than the transistor.

The major steels moved ahead slightly, bolstered somewhat by news that steel operations are now scheduled at 88.1 per cent of capacity, a big improvement over a week ago.

The Associated Press average of 60 stocks at noon was up 10 cents to \$221.70 with the industrials up 20 cents, the rails off 30 cents and the utilities unchanged.

Corporate bonds were narrowly mixed. U.S. government bonds were generally firm.

Fatal Plane Crashes Listed Here During Last 15 Years

The airplane crash southeast of here Saturday which killed two persons is one of several such fatal plunges in Circleville and Pickaway County during the last several years.

John Penn, 39, Pickaway Twp. farmer and Circleville High School student Gary Cook, 15, were killed in the Saturday tragedy.

According to records here, at least 17 persons have died in county and city plane crashes since 1944. The most serious crash was in the World War II era when a plane based at Lockbourne went down, killing seven airmen.

At least two other U. S. Air Force or Navy pilots died in crashes here. One Air Force flyer was killed several years ago when the ejection seat of his plane failed to operate properly. The Navy pilot died in a crash.

THE most recent tragedy until Saturday was in 1952 when a Mr. and Mrs. Garrison were killed in a crash at the Forest and St. Joseph Cemetery areas.

In 1951 Tom Griffith was killed when his plane plunged into the same cemetery area. Investigation after the crash disclosed that a bird had built a nest in his airplane.

Painesville Hires New City Manager

PAINESVILLE, Ohio (AP) — Council Monday night hired Robert H. McGregor, 39, to become city manager Jan. 1, succeeding Fred E. Weisbrod who left to become city manager at Oak Ridge, Tenn. The post pays \$10,500 a year. McGregor has been manager of the borough of Hanover, Pa. since March, 1957, and served three-year periods prior to that as borough manager in each of two Pittsburgh suburbs—Dormont and Whitehall.

causing the carburetor to malfunction.

Three persons were killed in the late 1940's when two private planes collided in the air over the south end of the city. Killed were Mrs. Robert Swift, Jack Moats and Virgil Newman, all of Circleville.

Another pilot of a private plane was killed when his aircraft crashed near Stoutsville in the 1940's.

Another fatal crash came in the same period when a plane crashed killing one of the Carpenter brothers.

Roger Touhy Finally Gains His Freedom

JOLIET, Ill. (AP) — Roger Touhy, prohibition era gangster who schemed for freedom and sued for it, today walks out of Stateville Prison after serving 25 years for a kidnapping he says was a hoax.

Announcement that Touhy, 61, would be released was made Monday night by Warden Joseph Ragin and the State's Parole supervisor, T. Edward Austin.

Austin said his office had approved Touhy's plans to live with a sister, Ethel Alesia, in Chicago. Austin said requirements that Touhy have employment before his release were waived because of his age and because of a back injury which renders him unable to do strenuous work.

He has insisted that he was imprisoned for the 1933 kidnapping of John (Jake) Barber Factor a onetime confidence man, on the basis of perjured testimony. His efforts to win freedom went before the Illinois Supreme Court twice and before the U.S. Supreme Court three times.

In 1942, he went over Stateville's 32-foot wall with six other prisoners but was recaptured 83 days later. He was given a 199-year sentence for his part in the break, but Gov. William G. Stratton in 1957 cut that term to 3 years and the kidnapping sentence to 85 years.

Touhy, known as "The Terrible" in the 1920s when he was a gang leader with a working agreement with the old Al Capone gang, told reporters when he was granted a parole: "All I want is to live in peace for the few years left for me. I hold no grudge and I'm not looking for revenge. I'm not bitter. I just want to get out of here."

Two Bicycles Are Taken Here

Marvin and Melvin Wilson, 207 E. Mound St., informed local police today that two bicycles were taken from their back yard last night.

They said both bikes are red, black and white.

building and buried itself in a ranch-type house, completely demolishing it.

A large piece of the plane's tail section — white with red stripes and bearing the number 1252 — plunged into the street about midway along the swath torn by the aircraft.

A clock in a nearby grocery was stopped. Its hands indicated 5:34 a.m., CST.

As police and firemen struggled through the still smoldering crash scene, inbound planes roared close overhead toward Midway landing strips. Residents shuffled dazedly through littered streets and yards and huddled in small groups, talking softly. Fear-cramped faces glanced uneasily at the sky as each plane droned monotonously overhead.

Fire Commissioner Robert Quinn estimated the damage to the houses at the present time at \$100,000.

Two hours after the crash firemen were still pouring water on flaming homes. Fire officials said four homes and one apartment building were destroyed and another home was in danger of collapsing.

Miss Gertrude Bolin, who lives across the street from the crash site, said she was awakened by "repeated explosions about 6 o'clock. But it could have been roofs collapsing."

TWA headquarters in New York valued the plane at 2 million dollars.

Fire Lt. William Mallory, commanding a company of firefighters digging in the wreckage of a two-story apartment building, said:

"We were the first company. As the plane came in, it showered burning gasoline on the apartment building before striking it."

"A woman ran from the building screaming, 'Oh my God, my babies, my babies.' Then she collapsed in shock."

Striptease Dancer Weeps at Her Arrest

SAN FRANCISCO (AP) — "What are they bothering me for," asked blonde striptease dancer Terry Kay as police led her to jail, clad in a full-length white leather coat.

The coat, said police, was all she wore Sunday when she strolled into a downtown bar and ordered a beer.

The trouble developed, they said, when suddenly she stood up and did a bullfighter's whirl with the coat.

Sobbing, she was booked for a drunkenness investigation. Asked her age, she replied, "about 90."

Cincinnati Takes 3 Years To Prepare for Retirement

CINCINNATI (AP)—Aron Mathieu, notably successful Cincinnati publisher, resigned three years ago—effective today.

It took him the three years to set up his publishing ventures so they could run without him.

With a gleam in his eye for the book he wants to write, Mathieu and his wife Rosella both celebrated their 52nd birthdays and 32nd wedding anniversary Nov. 23. Then started work on the book.

Mathieu said operation of his magazines, "Writer's Guide" and "Farm Quarterly," and his annual catalogue, "Writer's Market," will be by workers he trained for the job.

His three-year hiatus is to collect material for a book on the life and times of prehistoric Cro-Magnon man, one of the intriguing figures of prehistoric time.

Mathieu appeared happy as a youngster on the first summer day after school has let out for the year.

"Status—fare thee well," he chuckled, "Today is a new day and it is mine. And the very first one, too, for 31 years."

"Thirty-one years ago, I started to work. I've been with the same company since that day, and now I'm resigning of my own accord for three years to do a book."

Mr. Mathieu, who said he started as an errand boy, also founded and later sold the predecessors of "Modern Photography" and "TV Guide." His annual "Writer's Market" lists markets where writers can sell their works.

A recent booklet, "Man Against White Space," was his commentary on the publishing business and drew acclaim from the nation's leading magazine publishers.

In spite of his success, Mathieu said he wanted "more time. More research, more leisure to think, more hours that were free."

"One night three years ago, I came home and my wife said, 'You know, Aron, when you come home, not mine's left of you.'"

"It was raining and I had on my raincoat and my umbrella dripped on the floor. I said, 'baby, can you live on \$90 a week?'"

"Try me," my wife said."

So, he began to train men to take his place, and planned three years of research and writing that will take him to France and Spain and deep into the records of the Natural History Museum in New York.

With several anthropologists contributing, he figures his research still will occupy the better part of two years. Another year will be consumed in writing.

Mathieu studied anthropology at Ohio State University, where he met his wife.

He is sold on Cro-Magnon man. "He was a rare fellow," the publisher said. "He was esthetic, a fine hunter, a man of religion, a great hunter."

"My own philosophy of life is that when we act gently and have respect for law and order, there

is civilization present. From my very modest researches, I feel the Cro-Magnon man was the first civilized gent in the world.

"I want to show him alive, breathing, loving, hunting, painting."

Business Briefs

Kilowatt hour sales of Columbus and Southern Ohio Electric Co. reached 2.5 billion for the 12 months ended October 31, Harry M. Miller, company president, reported today.

This sales figure is 14.6 per cent above the same period ended in 1958. With this increased usage of electrical energy, operating revenues gained 12 per cent for this period and operating expenses increased 11.2 per cent.

Earnings on each of the 2,651,360 common shares outstanding were \$2.34 for the 12-month period—an increase of 31 cents per share over earnings for the same period a year earlier. Per share earnings for 1959 thus far have been higher than for similar periods in 1958, but are still slightly lower than in 1957.

Here's Detailed Primer on Payola

HOLLYWOOD (AP) — The payola primer —

A. It is what the House subcommittee on Legislative Oversight is going to look into, now that it has done a job on the TV industry.

Q. Yes, I know, but what is payola?

A. It is a payment by record and song promoters to powerful parties, especially disc jockeys, to get songs and records before the public.

Q. Is it something new?

A. No, it has been going on since the beginning of Tin Pan Alley.

Q. Then why all the fuss about it now?

A. Because some people feel the payola has been employed to inflict poor music on the record-buying public, principally teenagers. Some believe gangster elements are involved.

Q. Is the payola illegal?

A. Possibly. Some say it constitutes a bribe of responsible individuals.

Q. Is payola immoral?

A. Most, probably, would think so. Some disc jockeys purport to be reflecting public tastes, while in reality they are playing records they are bribed to play. And they are using air that belongs to the public.

Q. How does payola work?

A. A record promoter pays a jockey a sum of money for repeated plays of a special record. Or else the jock may receive a regular sum, say \$100 or \$150 a

week for pushing the promoter's product.

Q. Can this get to be big business?

A. You bet. Some jocks are unabashed to admit they draw \$50,000 a year under the table.

The rewards are even greater for a big time operator. He can demand to have the records he plugs pressed through his own companies, the songs published by his own firms and even take a percentage of the singer's income.

Q. Can hit records be created by the payola?

A. In the rock 'n' roll field, yes. Rocking records with no artistic value have been payola-ed to million sellers, merely by constant play. If teen-agers hear the record often enough, they'll buy it.

Q. Can the payola create stars?

A. Absolutely. No-talent youngsters have been shoved to fame by the use of payola on their records. The publicity outlets cooperate, either because of a similar payola or their eagerness to cater to what they think is teen-age taste.

No Change Is Found In Hamilton Election

HAMILTON, Ohio (AP)—A team of 20 clerks and two accountants went through a 14-hour recount Monday of the city's proportional representation ballots for City Council, but the results were unchanged. Robert E. Westfall, last candidate eliminated in the original count, had posted \$860, or \$10 per precinct, for the recount.

Farm Census Half Complete Leader Says

The 1959 Census of Agriculture is about 50 percent completed in this area, it was announced today by Field Director Hobert A. Yerkey of the Census Bureau's regional office at Cincinnati.

The Census official stated that he is well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next 10 days.

He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaire promptly will be a vital factor in keeping down final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

Bidinger Appeals Decision On \$190,000 Garbage Suit

George Bidinger Friday appealed a Pickaway County Common Pleas decision in his \$190,000 damage suit against Circleville with the 4th District Court of Appeals.

The appeal was filed in the County Clerk of Courts office by Bidinger's attorneys, Harry Margulis, Ashville, and Robert L. Culbertson, Akron.

Earlier this year Common Pleas Judge William Ammer upheld a city demurrer which stated Bidinger's petition did not state a cause of action.

Final judgment was rendered November 12 in the case after Bidinger failed to file an amended petition in the time allotted by the court.

CIRCLEVILLE was represented by Solicitor Robert H. Huffer and Emmitt Crist.

Bidinger's suit contended that

city officials committed acts detrimental to his city garbage hauling operation and refused to enforce an ordinance preventing individual haulers from carrying trash and garbage in direct violation of the garbage ordinance.

Bidinger further contended that city officials committed acts detrimental to enforcing the city's contract. His suit stated this forced him out of business, causing punitive and actual damages in the amount of \$190,000.

Farmers Take Reins Again

From a small beginning the American Farm Bureau Federation is planning to put farm marketing more in the area of free enterprise and less in the hands of the government. After long years of contemplation by leaders, this is probable to be the future of agricultural economics.

The Farm Bureau is setting up a marketing and bargaining agency to service local and area farm cooperatives which sell fruits and vegetables to processors. This agency will contract the sale of crops without going through open markets. The objective is to eliminate some middle men. Crops would be tailored to the needs of the buyer.

After fruits and vegetables, it is expected that the system will be applied to poultry, livestock and other crops now sold in bulk through open markets. Monopoly through nation-wide cornering of the supply is not contemplated. The purpose is to strengthen the hands of local and area farm bargaining groups.

Wheat is not mentioned in this program. But Kansas, Nebraska, Colorado, Washington, Idaho and Oregon wheat growers are now voluntarily paying levies of a half cent per bushel to promote that cer-

tain. In September the wool growers overwhelmingly voted a levy on themselves to raise money for private exploitation of wool.

This may not be revolutionary. The farm cooperative movement has been in existence for a long time for one purpose or another. But the fact that farmers have now plumbed government dominance of production and marketing to the depths without satisfactory results suggests that an evolutionary process is under way.

It will take agriculture more and more into control of its own operations. That it will be effective, in view of the impact of growing population on production, can scarcely be doubted. The only doubt is whether the farmers will have the patience to wait for end results which necessarily will be some years away.

Summit Delay May Be Good

Premier Khrushchev's visit to France next March effectively wet blankets moves for a quick conference among the heads of government of the United States, the Soviet Union, Britain and France. The summit meeting is delayed until spring at least, and perhaps later.

President Eisenhower plans his visit to Russia in June. American diplomatic strategists may desire the summit after the President has sampled the mood of the Soviet leaders and the Russian people.

That this is not exactly a loss is suggested by several factors. Moscow will not step up international pressures if it really

wants a summit meeting. And the delay will give the West time to appraise how much Moscow is committed to Red China's cussedness. If Moscow continues to encourage Peiping as the outlet for evil designs, there can be no gain.

President Charles de Gaulle speculates that Moscow may be under pressure at home to be less adamant, that the satellites are still incipient rebels and that Moscow fears Red China.

It will do no harm to let the Kremlin stew in these assumed troubles before getting down to business at the summit.

He Prefers Cash to Credit

By Hal Boyle

NEW YORK (AP) — Samuel J. Michelson is a man content to take the cash and let the credit go.

At 52 he is recognized as the Henry Ford of one of word-happy America's most flourishing but least known industries—professional ghost writing. He put the business on an assembly line.

"We don't worry about the anonymity so long as the pay is good—and it usually is," said Michelson. He is small, blue-eyed, friendly, eager-faced. He looks a little like Mickey Mouse, and a lot like Adlai Stevenson.

He began setting type in a country weekly at 13. After college he free-lanced for a time, then decided he could make more money writing under other people's names.

His success as a literary haunt

has been both spectral and spectacular. In the last 25 years he has written or revised more than 20 million words.

"I've turned out everything from first-person adventure stuff to romantic novels, political speeches and scientific treatises," he said. "There's no subject or assignment ever stumped us, although when it comes to the field of electronics, I'm dead there myself."

For such specialized topics he draws upon a regular staff of three ghostly aides and a spook stable of 200 part-time workers.

"Among them are engineers, scientists and educators who want an outside source of income," he said. "There's no shortage of writing talent."

Who seeks the services of a ghost writer today? Practically everybody. His clients have in-

cluded explorers, major corporations, publishing houses, suburban housewives for help on a club talk, sports figures, surgeons, prime ministers of foreign countries, statesmen and judges, and aging actresses who hope a well-written autobiography will lead to a comeback.

Michelson defends ghost writing as a legitimate profession, and one of the oldest in civilized history.

Ghost writing has become an intensely competitive business, and centers in New York, Hollywood and Washington, D.C. Michelson estimates there are 20 such services in this city alone.

"The biggest trouble with ghost writing," he confessed, "is in getting letters of recommendation from satisfied clients."

World Police Force Fallacy

By George Sokolsky

H. Lansing Carey of Oyster Bay, N. Y., writes me:

"Mr. Adlai E. Stevenson reported that Mr. Khrushchev had told him that he would be willing to discuss the establishment of an International Police Force after all nations had disarmed."

"However, even if he changes his mind and would not deposit at least part of his weapons with the Police, he could not vote in the organization—nor would his people forgive him for not contributing towards Peace, where all the world's atomic arms would be staked against him if he fired one nuclear weapon."

First of all, why establish an International Police Force after all nations had disarmed? Why after and not before? Why not establish an International Police Force today? Why not have such a force to inspect what is being done?

The answer to that is quite simple. It can best be answered by some questions. Who would control the International Police Force? Which nation would dominate it? To which nation would it give a world monopoly of military force?

Is it not correct if the force of the state were transferred to an international body, the power and authority of the state would ipso facto be transferred to that body?

If the United States sought to defend itself against invasion by Cuba, would such an International Police Force assist the United States or would Soviet Russia oppose such assistance?

Or if the Aerbaijan chose to free itself from both Russia and Iran, establishing a new state,

would the International Police Force intercede on behalf of the status quo, thus making it impossible for new governments to come into existence?

Mr. Carey himself is not sure of his pacifistic grounds because he speculates on what would happen if Khrushchev doublecrossed the rest of the world by withholding some of his arms. This is more than a speculation. Modern arms are not bows and arrows or even tanks or airplanes. They are the products of chemists, physicists, geophysicists and astrophysicists.

They are being built on computers in university laboratories. Undoubtedly the basic weapon of our times is: E equals MC-2. Out of this idea and out of Max Planck's Quantum Theory, the foundation was laid for the principal modern weapons, the unorthodox weapons in the development of which the United States and Soviet Russia are competing.

How are the brains of men and women to be policed? Is the United Nations to control the minds of men and decide what the developments in chemistry and physics are to be? Out of the wholly justified fear of war are coming many ideas of despair and hopelessness. Perhaps we shall all be Beatniks.

H. Lansing Carey's theory that the Russian people would not "forgive" Khrushchev for not contributing to peace, is one of those Americanisms which causes other nations to regard us with amazement. Who "forgives" a dictator? If anyone in Russia or in the satellite nations is displeased with Khrushchev's management, the most that can be

done is to wait until Khrushchev dies or is killed and then he can be denounced as Khrushchev denounced his former master, Stalin.

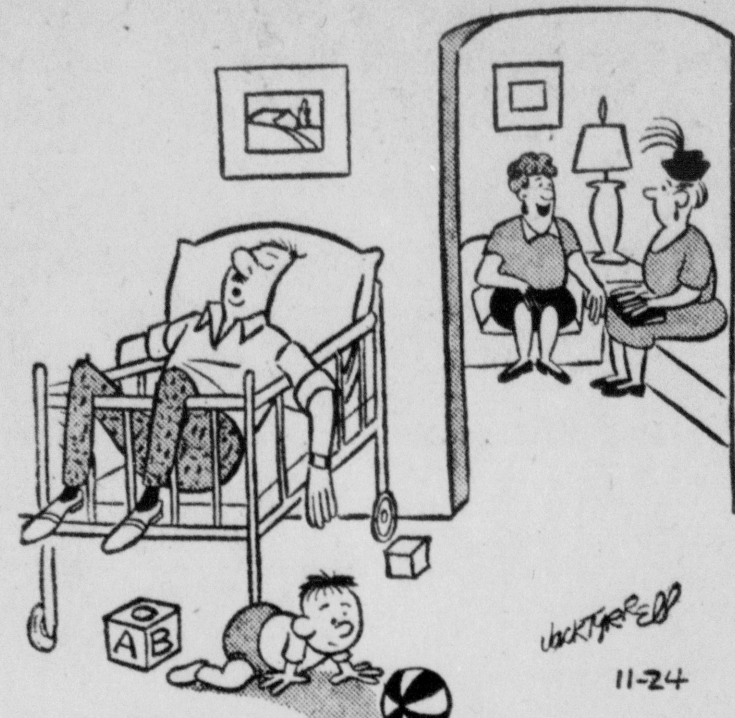

To "forgive" requires the power or the right to forgive. The peoples of Russia and the satellites possess neither the right nor the power to forgive. Theirs but to do or die. Until we understand that simple equation, we understand nothing.

This may go down in American history as the era of cowardice. Peace, it is true, is more satisfactory than war, but slavery is worse than war which can, at most, mean death. Slavery is a living death. A conquered people can be an enslaved people, and only cowards are ever conquered.

One need only look at the marvellous and courageous recoveries of West Germany and France. No country exhibited a more chronic degradation than France did between Clemencuau and de Gaulle. That represents a long span of time during which France rejects umbrage and in partnership with West Germany is challenging both the United States and Soviet Russia in the growing strength of the Six Nation Common Market, which could become political as it is economic.

To say, as Carey does, that "Most all U. S. Senators, and foreign statesmen, feel the need of an International Police Force..." is to say more than can be established as a fact.

Try and Stop Me

By BENNETT CERF

OLD CHIEF SMOOCHUM was known as the best transmitter of smoke signals west of the Colorado and he might have been even better if his squaw hadn't insisted on continually advising and criticizing him. One day, for instance, he sent up a particularly large puff of smoke. His squaw, wielding a tomahawk, grunted, "STOP YELLING!"

Following Jimmy Durante's first trip to Europe, a hostess cornered him and simpered, "Didn't you simply adore Paris?" "I sure did," nodded Durante. "I wish now I could'a seen it before the war." "Ah," nodded the hostess. "You mean when Paris was really Paris." "No, ma'am," corrected Jimmy. "I mean when Durante was really Durante!"

Mike Connolly defines "peaceful co-existence" as "what the farmer does with the turkey until Thanksgiving."

How To Treat Home Patient

By Herman N. Bundesen M.D.

Although a large number of our hospitals are pretty crowded these days, the majority of ill persons are being cared for at home.

Unfortunately, many homes are not convenient places to care efficiently for someone who is ill. Moreover, the average homemaker, no matter how much she may love the patient, can't provide the same kind of scientific care that a trained nurse has been taught to give.

A nurse usually is more help to the physician, too, because she can keep up-to-minute records of the patient's progress and activities that mean so much to the doctor.

1. The patient's temperature—morning, noon and evening.

2. Amount of sleep and its quality.

3. The amount of urine passed in each 25 hours.

4. The number and kind of bowel movements.

5. The amount and kind of food eaten.

6. The amount of liquids taken, including all water, milk, tea, coffee, fruit juices, etc.

7. Attitude of the patient. Make note of when he feels irritable, fearful, happy and any display of emotions.

8. Note also any complaints the patient may have about aches and pains.

Take orders only from the attending physician. Well-meaning friends may pass out advice by the handful. As a rule, it's best to ignore it.

Delayed Action Brings Injury to Motorist

TOLEDO, Ohio (AP)—His car went out of control today and 22-year-old David Morningstar was bounced out apparently unhurt, as it jolted over a curb.

But the car went on to hit a utility pole, the impact knocking off a street light globe which dropped squarely on the top of Morningstar's head.

Morningstar was admitted to St. Vincent's Hospital with a possible skull fracture. He was cited for reckless driving.

The World Today

By James Marlow

WASHINGTON (AP) — What happens when the Soviet Union really gets rolling? Premier Nikita Khrushchev talks blithely of peaceful, economic competition. It sounds almost jolly and sporting. It could be deadly.

It's a long-range thing and the kind easy to lose sight of in the more immediate problem of trying to work out a way of getting along with the Soviet Union to cut down on armaments and avoid the possibility of war.

Yet the question of competing with the Communist world may become the greatest challenge the United States has ever faced.

It's a question brought to mind now by the direction the Eisenhower administration is taking in giving loans to needy nations. It's been called "Buy American."

It means that if backward countries need American money to buy things, then they should spend it in this country. If they want money to buy things elsewhere, then let them get the loans elsewhere.

Recently the administration nudged its West European allies to do more on their own in lending money to needy peoples over-

seas. There was a time, during the 1940s, when they were too broke to do that. We did it. Now they can do some of it.

The reason behind the "Buy American" idea—without getting into the complex economics of it—goes like this: This country is still selling more abroad than it is buying abroad. But the gap is getting narrow.

And American money is flowing overseas in other ways, too. For instance, in American investments overseas, in money spent on American troops and bases, and so on. The result is that this country is sending out a lot more than it is getting back.

Yet, this whole idea of "Buy American" is being heatedly debated and challenged. The argument will get worse when Congress returns.

Still, far in the background like a ghost, is that challenge of Khrushchev to the United States to eliminate military competition and compete with the Communist world economically.

Right now there is not much danger to this country from such competition. The Soviets still are not abreast of us industrially and, because they want big armaments, they are still far behind us in producing consumer goods for their own people.

They will overcome that in time.

So will the rest of the Communist world. And, since their living costs and pay scales are much lower than here, the things they eventually will make for the world market should cost less than American goods.

You can be sure the Communists will use trade for a double purpose: to make money and to influence other peoples in their direction.

If relations between this country and the Communist bloc remain peaceful, then the day is also coming when they will probably try to compete with American goods in America.

Some day the United States almost certainly will have to face this kind of competition, particularly since the state-owned means of production under communism can take a loss on one item it wants to sell and make it up elsewhere.

Under the American free-enterprise system, the government as we know it can't do that unless it subsidizes an industry in order to help it sell below cost.

This problem isn't immediate. But it lies ahead. The United States and the rest of the free world will have to find a way to solve it. This is long-range, to be sure. But it seems to be a problem which must be faced inevitably.

Care of Hair Heard by Jackson Home-Ec Girls

How do I set a pin curl? How should I wear my hair? How can I avoid split ends? These and many questions were asked by pupils of Jackson Twp. Home Economics classes, 7-12, Thursday morning in the school auditorium.

The occasion was a demonstration on hair care, styling and many other phases of good grooming by Gracie Kuhn and Ruth Quince of the Carousel of Beauty Salon, 448 Stella Ave.

While demonstrating cutting, thinning, styling and setting of hair, Mrs. Kuhn and Mrs. Quince answered and advised each of the 60 girls present on a way to wear their hair.

Janie Skaggs, Route 3, was the winner of a free permanent and Patsy Cornwell, Route 2, was the winner of a free shampoo and set.

Following this demonstration, the girls will work on their hair and discuss various phases of care in their home economics classes.

OES Members Take a Trip

Several members of the Past Matrons Circle of the Evergreen Chapter No. 169 OES, Adelphi, recently spent a day visiting Granville and Mount Vernon.

The group had luncheon at the Granville Inn and then visited the OES Home near Mount Vernon.

Those participating were Mrs. Winifred Dumm, Mrs. George H. Armstrong, Mrs. George Bowers, Mrs. Robert Bowers, Mrs. Edd Fetherolf, Mrs. Ralph Patterson, Mrs. Lloyd Pontious, Mrs. E. E. Hemmeger, Mrs. J. L. Chilcote and a guest, Mrs. Thomas Hockman.

Becky Liston Has Birthday

Miss Becky Sue Liston celebrated her sixth birthday Saturday at a party given by her parents, Mr. and Mrs. L. Robert Liston Jr., Route 3.

Those attending were Sally Minor, Janelle Thompson, Jill Bach, Elaine and Irene Jones, Janie Rogers, Nancy Rhoades, Marshall Hoffman and Bruce and Brent Liston, all of Circleville.

Mrs. Russell Liston and children, Rusty and Suzi, Washington C. H., and Gayla Cook, Amanda; and Mrs. John Boggs and son, Johnny, Kingston.

Christmas Plans Made by WSCS

The November meeting of the WSCS of the Adelphi Methodist Church was held in the home of Mrs. George H. Armstrong, Kingston. Miss Florence Bowsher was co-hostess.

Devotions and the group study was in charge of Mrs. O. B. Armstrong and Mrs. Nelson Jones. Mrs. O. B. Armstrong, Mrs. Orland DeLong, Miss Florence Bowsher, Mrs. George Rihl and Mrs. P. O. Armstrong participated in special music and readings.

Christmas gifts were brought to be sent to Henderson Settlement, in Kentucky. Plans were made to prepare baskets for shut-ins and to remember a needy family at Christmas.

Refreshments were served to 14 members and six guests. The December meeting will be held in the home of the president, Mrs. Horace Hubbell. A luncheon and gift exchange will be held at that time.

Mt. Pleasant WSCS To Hold Supper

Mt. Pleasant WSCS will hold a community supper starting at 6:30 p. m. Sunday, December 13, at the church.

Those attending are asked to bring a covered-dish. A pound-party will be held for the Rev. Charles Stephens and family.

Dear Abby...

By Abigail VanBuren

Give No Boy Money's Worth

DEAR ABBY: Please don't think I am cheap. Here is my girl who is considered quite popular. I have a good reputation. When a fellow takes me to a show or some place nice, I feel that I have to repay him for what he's spent on me. I don't go too far, but I can't turn him down when he wants to park and make out. I am not "in love" with any of them. They are just nice dates. Afterwards I always feel cheap. When a boy has spent his hard-earned money on me I can't say no. Is this wrong?

NOTCH EAP
DEAR NOT: This IS wrong. When a fellow asks you for a date, all he is entitled to is your company. Unless you want to risk your "hard-earned" reputation, don't feel obligated to give a boy his "hard-earned" money's worth.

DEAR ABBY: What is your opinion of a person who is ALWAYS late for an appointment? I realize that a person can be late once in a while for good reasons. But this certain person claims he thinks the world of me yet in all the time I have known him he has never been on time for an appointment. He is always anywhere from 30 minutes to an hour and a half late. I would like your remarks on this subject to be printed, please.

LOSING PATIENCE
DEAR LOSING: The chronic "late-nik" lacks a very important quality, namely: consideration for others. I have never known a person who consistently kept people waiting who was not equally disappointing in other respects.

Mince Pie Beverage

DRESSING FOR SLAW

Ingredients: 1 teaspoon salt, white pepper, 1 tablespoon sugar, ¼ teaspoon dry mustard, ½ cup milk, 1 egg, ¼ cup cider vinegar, ¼ cup sour cream or substitute.

Method: In the top of a double boiler stir together thoroughly the salt, dash of pepper, sugar and mustard; stir in ¼ cup of the milk. Whisk in egg until combined; add remaining ¼ cup milk. Slowly stir in vinegar. Cook and stir constantly over hot water until as thick as thin white sauce. Cover and cool. Gradually fold into sour cream. For slaw, moisten shredded cabbage with dressing, adding more sugar if you like; refrigerate overnight before serving. Makes 1 cup dressing.

The Scandinavians sometimes add a little coffee (with cream and sugar!) to the gravy for leg of lamb. Nice rich color results, but don't add too much of the brew or you will spoil the good meat flavor.

Shower Honors Frances Miller

Mrs. Vaughn Grubb, Stoutsville, entertained at a miscellaneous shower for Miss Frances Miller, recent bride of Terry Lee Imbler, Saturday, November 14.

Games provided entertainment during the evening. Gifts were arranged on a table decorated in pink and white above which hung three white bells with pink bows and streamers.

Guests present were Mrs. Bonnie Betz, and Debra Sue, Mrs. Ralph Betz, Mrs. Edith Garrett, Mrs. Juanita Frazier and Charlene, Mrs. Arleta Miller and Miss Sharon Miller.

Miss Nancy Thornton, Mrs. June Thornton, Mrs. Dorothy Merriman, Mrs. Mary Ampaugh, Mrs. Mildred Martin, Mrs. Marie Kocher, Mrs. Gladys Ampaugh, Mrs. Bonnie Morrison and Vicki Lyn, Mrs. Lucile Imbler and Chuckie and Miss Margaret Grubb.

Drama Group Holds Session

"The Circle" by Somerset Maugham was the book under discussion by members of the Drama Group of AAUW Thursday evening Mrs. William Dougherty was the leader.

The meeting was held in the home of Mrs. Ralph Starkey, Route 4.

The next meeting will be held December 16 in the home of Mrs. Austin Dowden, Route 2. The group will discuss the book entitled "Mile Stones".

Thanksgiving Silver Tea Staged by Ladies Aid Group

The Scioto Chapel Ladies Aid held its annual Thanksgiving Silver Tea at the Robtown EUB Church and parish house Saturday afternoon.

Approximately 125 ladies, from Ashville, Columbus, Circleville and neighboring communities, assembled in the church and were welcomed by the president Mrs. Elzie Brooks. Mrs. Brooks, in charge of the program, opened with devotions from the Psalms.

A quartette, consisting of Misses Gretchen Hott, Mary Ellen Downs, Judy Fee and J. Annie Walker sang "Thanksgiving Prayer". Miss Mary Lockwood sang two solos "Bless This House" and "We Thank Thee". Miss Gretchen Hott presented a piano solo, "Prelude in C Sharp Minor" by Rachmaninoff.

Two readings "The New Parlor Carpet" and "Somebody's Mother" were given by Mrs. Howard Younkin. A flute solo "Autumn Leaves" was presented by Miss Sally Hines. Miss Sylvia Newhouse sang "O' Divine Redeemer" and "Eye Hath Not Seen".

Miss Mary Ellen Downs presented two themes from "Tchaikovsky's Piano Concerto No. 1". Mrs. N. E. Reichelderfer gave two readings "Kentucky Bell" and "In The Morning". An original poem "Thanksgiving" was given by Mrs. Clayton Stickel.

A piano solo "Rhapsody Op. 79 No. 1" — Brahms, was presented by Miss Miriam Ward. The Rev. Carl Groff closed the program with a prayer of Thanksgiving.

Refreshments were served in the parish house with Mrs. Brooks and Mrs. C. W. Hedges presiding at the tea table. Guests were seated by Misses Dorothy and Helen Whaley.

Hostesses were Mrs. Brooks, Mrs. Ben Walter and Mrs. Howard Koch. The committee in charge of preparations consisted of Mrs. Cecil Ward; chairman, Mrs. Harold Fee, Mrs. Earl Wilson, Mrs. L. J. Welsh, Mrs. C. W. Hedges and Mrs. Howard Younkin.

Couples Club Attends Show

Sixteen members of the Trinity Lutheran Couples Club attended the showing of "The Big Fisherman" in Columbus Sunday evening.

Those making up the theater party were Mr. and Mrs. Jim Peters, Mr. and Mrs. Roger May, Mr. and Mrs. Romaine Wilson, Mr. and Mrs. Walter Melvin, Mr. and Mrs. Wes Edstrom Jr., Mr. and Mrs. Ronald McPherson, Mr. and Mrs. Stanley Spring, and the Rev. and Mrs. Carl Zehner.

Massillon Voted Ohio's Top High

COLUMBUS, Ohio (AP)—Massillon's Tigers looked natural today as they perched on Ohio's high school football throne.

The Stark County powerhouse, winner of 10 straight, was voted the championship and the Rutgers Hall of Fame Trophy by 53 sports writers in the final Associated Press poll. It was Massillon's eighth title in the poll's 13 years. Only one other club, Canton McKinley, has won it twice.

And McKinley, ancient foe of the Tigers, was the stepping stone to this year's triumph. A week ago Massillon was second to Springfield's nine-game winners tripped McKinley 20-0 Saturday, while Springfield was idle, to snatch the laurels.

Only 16 of the 53 writers representing newspapers and radio-television stations were from the southern sector, but even the northern group was so impressed by Springfield's stature that it threw heavy support to the Wildcats.

On the 10-9-8-etc. voting basis Massillon wound up with 427 points to Springfield's 389—a margin of 38. Massillon picked up 40 as four northern Ohio ballots put the Tigers in first place and ignored Springfield entirely. Had the four named Springfield to the second spot, the Wildcats would still have been two points off Massillon's total.

Barberton won the inaugural poll back in 1947, then Massillon cracked through for seven in a row, six under Coach Chuck Mathew and one under Tom Harp. Wade Watts' Canton McKinley club took over the next two years, followed by Cleveland Benedictine and Mel Knowlton's Alliance Avars. The latter, defending champs, finished twelfth this time.

The Rutgers Hall of Fame Trophy, emblematic of the championship and awarded annually to The Associated Press poll winner, must be captured three times for permanent possession.

Massillon has one tucked away for its 1950-51-52 string, and today's conquest adds another for the 1953-54-55 championships. The award will be made at the Tiger-

town banquet Thursday, Dec. 10. This is the second time Springfield has finished as runner-up to Massillon. In 1952 Jim McDonald's Wildcats matched Massillon's 10-game winning streak, but the voters gave the Tigers the nod. The Wildcats were ninth in 1949, fourth in 1950, third in 1951, second in 1952 and ninth in 1954, for the best showing any rebel team has ever made. Only other southern squads to menace the champions were Hamilton in 1950 and Portsmouth in 1953. Each finished second to Massillon.

In addition to their unblemished records, the two leaders were close in everything else. Springfield averaged 45.3 points to Massillon's 43.1, and on defense the Wildcats had the better of it by allowing 4.2 points per game to Massillon's 4.6. None came close to the defensive mark of third-place Kettering Fairmont which allowed only seven points in winning nine straight.

Broncos Loaded With Veterans

The Broncos of Ashville have come up with another top-notch ball club after rebuilding from last year. All five starters return this year.

In fact Coach Russell Gregg has come up with a potential powerhouse. Built around senior Bobby Hoover, Ashville, has the mat to go all the way.

In every department Ashville has the raw material. Height is provided by Hoover, 6' 4"; Gary Gaines 6' 1"; Paul Frase, 6' 5"; Tom Rathburn, 6' 3", and Dale Curry, 6'.

Experience is provided by Seniors Hoover, Gaines, Phil Reese, Dale Fout; Juniors Jim Gregg and Jim Franks, and Sophomores Rathburn and Dickie Hollenback.

FOUR OF ASHVILLE'S starting five are expert shots. They are Rathburn, Hollenback, Hoover and Gaines. All four are ready since none played football.

Hoover is a natural rebounder with uncanny jumping ability. In addition he is deadly from anywhere around the bucket on turn-around jump shots and hooks.

Rathburn will push Hoover because the young sophomore is capable of double figures any night with his drive-in jump shots and rebounding.

Gaines is deft from the corner and a fine rebounder. When Ashville's big three hankboard men are tied up, Hollenback can break any game wide open with his 25 to 30 feet set shots and drive-in ability.

Fifth position will be a season-long battle between Gregg, Dick Noggle, a 5' 10" junior, and Phil Reese. All three men are fine ball handlers and can score at ease.

Rounding out the first twelve is 5' 7" juniors, Jim Brown. The Broncos have the team, desire and schedule to place well up in the state rankings this year. Just the breaks are left.

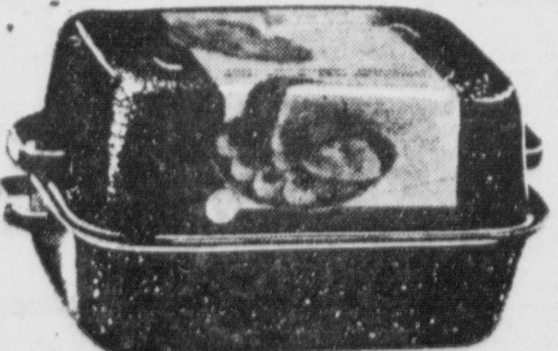

LAST YEAR the veterans racked up the following averages: Hoover, 22.7; Fout, 2.4; Gaines, 6.7; 5' 10" Reese, 3.4; 5' 8" Hollenback, 12.4; Rathburn, 11.1; 5' 10" Franks, 4.1, and 5' 9" Gregg, 3.7. Hoover finished fourth in county scoring during the regular season with a 22.8 average. Offensively, the Broncos ranked second in the county, scoring 1,157 points for a 64.3 average.

On defense, Ashville allowed opponents to tally 1,143 points for a

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Syracuse Keeps Top Grid Spot

Mississippi Given No. 2 Rank in Poll

By THE ASSOCIATED PRESS

Syracuse, the only unbeaten, untied major football power, retains the No. 1 spot in the Associated Press poll of sports writers and sportscasters for the third straight week.

The powerful Orange polished off Boston University 46-0 Saturday and now have two weeks to get ready for their regular season finale with UCLA, Dec. 5. After that Coach Ben Schwartzwalder's men move on to the Cotton Bowl in Dallas.

Syracuse's finale with UCLA now looms as an important test that should measure their real ability. UCLA knocked off Southern California, which had been the only other perfect record team, 10-3.

The weekly voting produced a landslide for Syracuse with 121 of 174 first place ballots. The next best was Mississippi, the No. 2 club which drew 32 firsts, although it didn't play. Mississippi still has one to go, a Nov. 28 date with off-beaten Mississippi State.

Louisiana State held third place by whipping Tulane 14-6, closing out its regular season. LSU will play in the Sugar Bowl, Jan. 1.

The top ten with points based on 10 for a first place vote, 9 for second etc. (First place votes in parentheses):

Darby Heads Basketball Activity

Darby Twp.'s opener at Laurelville tomorrow night headlines a four-game card for Thanksgiving eve.

The Trojans have their work cut out for them to come any better than equaling last year's 21-2 record, Pickaway County League co-championship and county tournament title.

Led by the deadly accuracy and ball handling of the two Tommys, Walters and Liff, Darby starts the season against a rugged competitor, Laurelville (4-1).

The Wildcats have an experienced squad along with height and fine ball players. Their only loss was to Carthage-Troy an Athens County powerhouse.

New Holland Opens League With Six Teams Participating

The New Holland Independent Basketball League opened play last night with three games at the NH High School gym.

Six teams from Pickaway and Fayette Counties compose the new loop. They are Morrison's Carry-out of Circleville, Williamsport, Drake's Produce, Kirk's Furniture of New Holland, Jeffersonville and Kaufman's Bargain Store of Washington C.H.

Games are slated to be played each Wednesday night at the New Holland gym. The tests were played last night due to a New Holland High School tilt scheduled this Wednesday night.

Action last night saw Morrison's Carry-Out stop Kirk's 51-45, Williamsport trip Jeffersonville, 67-52, and Drake's Produce take Kaufman's 76-47.

THE Carry-Out team had three men scoring in double figures. They were Jerry Collins with 16 points, Ray Rienheld with 14 and Boyd Marshall with 11.

Glen Large posted 17 tallies to lead the way for Kirk's.

Williamsport also had three men scoring 10 points or more. Metzger was high with 21, Picklesimer had

CHS Grapplers Working Hard

Season To Open With Dayton Team

The Circleville High School gym was a scene of some grunts and groans yesterday as the CHS Wrestling team put in some heavy work in preparation for its season opener on December 5.

Coach John Current so far has about 33 hopefuls trying out for berths on the team. The coach said more are expected to report for practice.

The Tiger grapplers open here in a match with Dayton Fairmont. The test is slated to start at 2 p.m. The current roster includes 10 freshmen, five sophomores, 10 juniors and eight seniors.

COACH Current has his squad broken down into 11 classes according to weight. They are 103, 112, 120, 127, 133, 138, 145, 154, 165 and 175 pounds. Candidates over the 175 class are listed as heavyweights.

The candidates by weight class are: 103—Dave Troutman, soph.; Tim Mogan, fresh; Jerry Francis, fresh; 112—Bob Owens, jr.; Dan Ellerman, Jr.;

120—Ernie Lindsey, sr.; 127 —Ray Winner, jr.; Gary Agin, sr.; Phil List, fresh; 133—Mike Wilson, fresh; Chuck McDowell, Jr.; Bob Quince, fresh;

138—Russ Ferguson jr.; Leo Moats, sr.; Dave Smith, sr.; 145 —Dick Warner, sr.; Phil Wing, Jr. 154—John Williams, Jr.; Ray Taylor, fresh; Ed Wright,

All Tiger Cagers Prep for Openers

Varied drills highlighted practice yesterday for the 1959-60 edition Circleville High School basketball Tigers.

Coach Dick Snouffer ran his charges through a series of workouts, including a scrimmage session. Bulk of the work pointed to fundamentals such as ballhandling, playrunning, shooting fouls and defensive maneuvers.

The current important date for the Tigers is set December 4 when they travel to Franklin Heights to open the season. The following night they return here to entertain the Bulldogs of Athens and open the home slate.

Larry Hannahs, number one denter, was not at practice yesterday due to illness. He is expected to be back for work later in the week.

DAVE Hicks, nursing a football arm injury, reported for drills yesterday. The hustling football guard will be counted on for varsity duty.

Getting regular calls for varsity practice so far have been Bob Shadley, Jake Bailey, Linden (Hoot) Gibson and Sam Weller. Shadley and Bailey both are regulars from last season, although each played only about half the season. Shadley suffered a chipped bone early in the year and Bailey came out for the team about midway in the season.

Weller, a promising sophomore, is up from the reserve team. His 6-3 frame is a vital asset to the Tigers and he is devoted to the hardwood game.

Coach Snouffer has several other promising underclassmen making stabs for a varsity berth, including Dick Kline, Jim Wellington, Irving Ellis, Luther Johnson and Roger Roebuck.

Coach Jack Weikert has about 25 candidates working out for his reserve team. The junior Tigers work out at the CHS gym following varsity practice sessions.

DON Neff and Paul Sarchet are handling junior high cage activities. Neff works with the 8th graders at the National Guard Armory on E. Franklin St. and Sarchet holds drills for 7th graders in the old CHS gym.

The varsity and reserve cagers will play on the same schedule and tentative plans call for the 7th and 8th graders to play on separate slates.

North Carolina and Michigan State will meet for the first time in football in 1962. They will meet at East Lansing, Mich.

Air Corridors OK'd

WASHINGTON (AP) — Seven huge air corridors were made off limits for commercial and private aircraft today to permit jet bombers to fly low-level training missions. None is in Ohio.

The special lanes are 20 miles wide and up to 500 miles long. They will be closed to all aircraft except Strategic Air Command bombers at specified hours each week day. Except in one instance, they will be open to civilian planes on weekends.

The Federal Aviation Agency announced the establishment of the closed corridors last Nov. 4. Airports, airlines and fliers in the affected areas have been given the detailed information on just how the program will operate.

D'Amato Says He's Shocked By Loss of Ring Licenses

NEW YORK (AP)—A "shocked and dismayed" Cus D'Amato expects to get back his license to manage and second fighters in New York state through legal action.

If that effort doesn't meet with success, the National Boxing Assn. offers him a glimmer of hope he may be able to manage within its jurisdiction. That would give him most of the nation in which to operate as manager of former heavyweight champion Floyd Patterson if Sweden's Ingemar Johansson will consent to meet Patterson outside New York.

"I have a legal contract for the return bout and I intend to fulfill this obligation," D'Amato said. D'Amato, whose license was revoked Monday by the New York State Athletic Commission, indicated in a statement relayed by attorney Edwin S. Schweig that his first move may be court action to upset the commission's action.

The statement questioned the

legal authority of the commission to revoke a license that had expired last Sept. 30, and asserted that if the commission believed he had done anything wrong it had the facts May 22, 1959, well before the Patterson-Johansson title fight, yet made no move of any kind until Oct. 26.

The wrong referred to, and on which the commission based its decision, was related to four charges, to wit: 1. failing to appear at a Sept. 14 commission hearing on alleged irregularities in the title fight promotion; 2. as a licensed manager participating as a matchmaker and promoter in the title fight; 3. seeking to foist Harry Davidow upon Johansson as a manager, thereby attempting to control both contestants; and 4. failing to file after the fight a manager's financial report within the five days.

A fifth charge, that of consorting with Charles (Black) Antonucci, described by the commission as a gambler and an associate of bookmakers, was dismissed. The commission ruling further heavyweight title picture as it pertains to a rematch between Patterson and Johansson.

Anthony Macaroni, NBA president, said in Providence, R.I., Monday night that his organization temporarily would uphold the ban, but that the NBA is leaving the door open for D'Amato to be heard by the association's grievance committee.

Patterson now has no manager anywhere in the country, and to further complicate matters Rosensohn Enterprises, Inc., which holds the return bout contract, previously had its New York license revoked.

Chips Down Now, Paul Brown Says

CLEVELAND (AP)—A year ago the New York Giants wiped out Cleveland's one-game lead, then went on to whip the Browns in a playoff for the Eastern Conference title of the National Football League.

Now the Browns must reverse the tables.

"We have to win, win, win," said Coach Paul Brown Monday night. "The chips are down now and we must get ready for an all-out effort."

"It can be done. The Giants did it, didn't they?"

The first hurdle must be crossed Sunday against San Francisco's victory-starved 49ers at the Stadium. The 49ers have blown a two-game lead with two straight losses, but still are tied with Baltimore for the top spot in the Western Conference.

With the 21-20 loss to Pittsburgh here Sunday while New York and Philadelphia both won, the Browns are even with the Eagles — one game back of the Giants.

Cleveland goes on the road after the San Francisco clash to do battle with the two teams it must beat to win the title—the Giants Dec. 6 and the Eagles Dec. 13.

The 49ers will be starting second-string quarterback John Brodie against Cleveland, because of a knee injury to star field general Y. A. Tittle. But the Browns also will be hurting if offensive tackle and captain Mike McCormack doesn't play. He suffered a shoulder injury in the Steelers game, but X-rays show it is a tendon sprain.

"It still is very painful," said Dr. Vic Ippolito, team physician. "We should know more in a couple of days."

Football Bet Pool Suspect Arrested

CLEVELAND (AP)—A raid on the La Scala Lounge Bar in Cleveland Heights Monday night netted 500 football pool bet slips. The bartender and three customers were held for questioning.

Police Chief Edward F. Gaffney led a 12-man raiding party. He called the bar "the center of football pool activities on the East Side."

Police Capt. Earl J. Gordon said that Dominic Conte, 32, owns the bar and that charges of recording wagers and keeping rooms for gambling would be prepared against him.

3 Wildcats Named To All Big Ten Team

CHICAGO (AP)—Guard Bill Burrell of Illinois and tackle Dan Laphear of Wisconsin are the only unanimous choices for the 1959 All-Big Ten football team selected by 12 Associated Press sports writers.

Although Northwestern tailspined after winning its first six games, the ever-dangerous Wildcats landed three places on the AP team.

Champion Wisconsin, Illinois and Iowa each took two berths. One spot each went to Michigan State and Ohio State.

Burrell and Laphear typify an outstanding 1959 crop of Big Ten linemen, which, throughout the season, stole much of the thunder from the backs.

Aligned with these two seniors on the first team were ends Jim Houston, Ohio State, and Don Norton, Iowa; tackle Joe Rutgens, Illinois; guard Jerry Stalcup, Wisconsin, and center Jim Andreotti, Northwestern.

The No. 1 backfield consists of quarterback Dean Look, whose all-around play guided Michigan State to second place; halfback Bob Jeter of Iowa, the Big Ten's leading ground gainer; halfback Ron Burton of Northwestern, an explosive game-breaking runner and adept pass catcher; and fullback Mike Stock, Northwestern's rushing leader and No. 1 scorer 1958 the league.

Repeaters from last year's All-Big Ten were Burton, Houston and Stalcup. Guard Ron Maltony of Purdue dropped from first to second team and injury-bothered fullback Bob White of Ohio State fell to the third team.

Grab of Citizen
On Suspicion Hit

WASHINGTON (AP) — The Supreme Court declared today that suspicion alone is not sufficient reason for a police officer to lay hands on a citizen.

With this pronouncement the court set aside by a 7-2 vote the conviction of John Patrick Henry of Chicago on charges of unlawful possession of three cartons of stolen radios.

The court majority, in an opinion written by Justice Douglas, said FBI agents investigating liquor thefts stopped without probable cause an automobile in which Henry was a passenger and discovered the radios. Further investigation developed that the radios had been stolen from an interstate shipmen.

The FBI agents had no search or arrest warrant, and Douglas declared their actions were illegal and unconstitutional.

Gottschalk Withdraws in College Fuss

WILMINGTON, Ohio (AP)—G. Richard Gottschalk, a member of the Syracuse, N. Y., Board of Education, has notified the Board of that he no longer wishes to be considered for president-elect of the Quaker College.

Word of Gottschalk's withdrawal was sent to Mason Roberts of Dayton, chairman of the Board of Trustees.

Gottschalk first was named president of the college by the trustees last May. The Wilmington Yearly Meeting of Friends (Quakers), which controls the operation of the college, declared, however, he had not been approved by the church group.

The trustees named him again in September and again the Yearly Meeting declined to approve.

The Board of Trustees is neither autonomous nor self-perpetuating under the college charter.

A statement by Roberts said "it is imperative that the Board of Trustees be girded with final powers of authority in matters of college policy and administration."

Roberts said Gottschalk's leadership "held great promise for the future of Wilmington College."

In Syracuse, Gottschalk said the prolonged dispute had "adversely influenced his future administrative direction of college affairs."

The Wilmington Yearly Meeting said Gottschalk's business background, although good, was "not of the image we feel imperative in such a presidency."

Gottschalk, a Presbyterian, insisted he would take over the post full-time Jan. 1, when he retires after 12 years on the Syracuse Board of Education.

On changing his mind, he said he would continue in a management consultant firm he operates in New York.

Grid Game Ended By Racial Fuss

BALTIMORE, Md. (AP)—Police and city recreation officials today quizzed coaches and players involved in a sandlot football game which erupted into a gang fight between whites and Negroes.

The fight broke out Sunday near the end of a game between two teenage teams, one white and the other Negro. Six players on the all-white C.Y.O. team, their coach and the white referee were taken to hospitals, X-rayed, treated and released.

The white coach, Roland Butschky, said the fight started late in the game after his team tied the score with a touchdown. He said one of his players tried to run for the extra point, was stopped short of the goal line and then was attacked by four or five of the opposing players.

Ohioan Keeps Tab on Ads Carried by Television Shows

WASHINGTON (AP)—Television commercials seem to fascinate Charles Sweeney, a former Ohioan. Sometimes, when he watches his set at home, he becomes so interested he takes notes on them—or even records the pitchman's words on a machine.

So when anyone asks Sweeney if he considers TV commercials offensive—a question rising from the current exposes of phony quiz shows—he honestly can't say.

This is because to Sweeney it's his job. He is top legal adviser to the Federal Trade Commission on false and misleading advertising on radio and television.

As such, he is unconcerned with whether a commercial is absurd or offensive to taste. His main interest is whether he can prove that something being said isn't true.

Sweeney has been with the FTC since 1935. But his roots are in Toledo, Ohio, where he grew up. His mother, Mrs. Grace Sweeney, lives in Waterville, outside of Toledo. His brother, James, is credit manager of Owens-Illinois Glass Co. in Toledo.

The job of establishing whether a television commercial is true or false isn't always easy, Sweeney tells you.

"We have to prove it," he says, "and frequently what the commercial says about a product is something that authorities are divided on."

"For instance, authorities are split wide open on whether it helps prevent decay to put a fluoride in toothpaste. Where scientific opinion is divided, we're almost helpless."

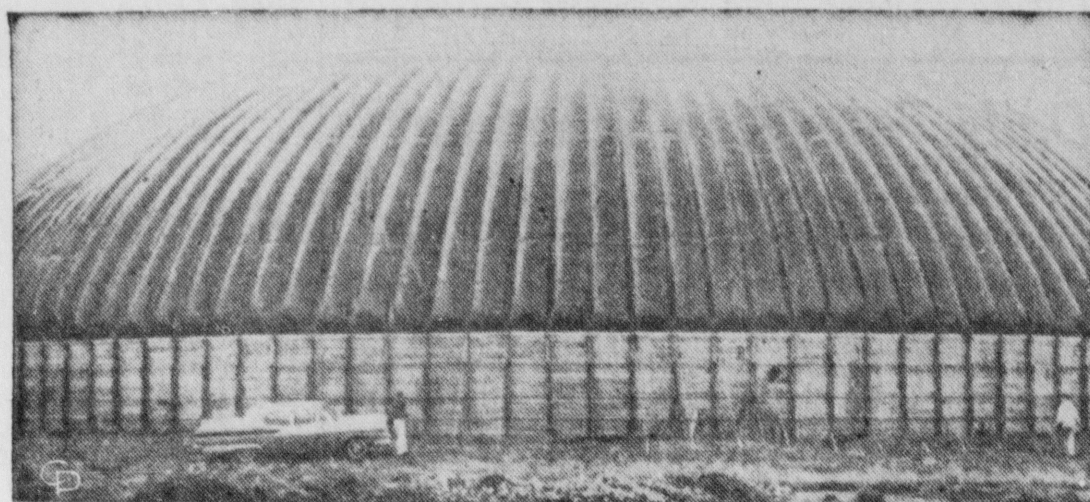

On the other hand, Sweeney has had his successes. He figured in the decision to tell Carter's Little Liver Pills to make the name, henceforth, Carter's Little Pills. Another case was the FTC order stopping the makers of Rolaid from dressing the pitchman in a doctor's white coat.

Sweeney concedes that the number of sponsors ordered to stop phony commercials is comparatively small. He won't discuss—as a matter of policy—whether he thinks the FTC should expand its activities in this field.

Alabama Private School Bill Loses

MONTGOMERY, Ala. (AP)—A private school bill which some educators had said might undermine the public school system died by pocket veto Sunday night. Gov. John Patterson failed to sign it before midnight, the legal deadline.

The bill would have empowered the state to make scholarship grants to pupils who might want to attend nondenominational private schools even though public school facilities were available.

They would have been entitled to receive a proportionate share of state funds allocated for pupils in public schools.

Air Agency Clarifies Order on Pilot Permits

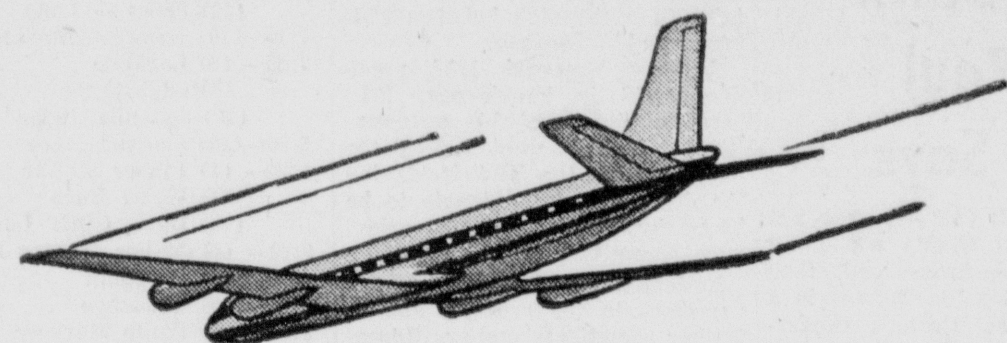

WASHINGTON (AP)—The Federal Aviation Agency said today its new requirement that private pilots take special training in how to fly safely in bad weather will apply initially only to those licensed after next March 16.

The main impact, therefore, will be on student pilots.

FAA said it has not decided how the regulations will be applied ultimately to all private pilots.

to take you even farther on every gallon. That's the new 1960

Super-M®. It packs new distance in every tankful because it's

blended with aviation alkylate—the airliner fuel that enables

engines to run at greater efficiency for greater mileage. It's

made for family driving. Test Marathon Super-M yourself

next time you use your car for errands around town. Or—

better still—why not try a tankful when you and all the family

head for Grandmother's on Thanksgiving? See why the family

going places—goes first to
